IUCLID 6, Chesar and REACH-IT

IT tool training session

A training will be organised on 24 May covering the new features of the revamped IT tools:

- IUCLID 6 for creating registrations
- Chesar for preparing chemical safety assessments
- REACH-IT for submitting registration dossiers

Places for the training are limited and will be allocated on a first come, first served basis.

Registration for the IT tool training can be done when registering for the event.
