

ECHA/TRN/2021/011 – Biocidal Products Unit (D2)

The Biocidal Products Unit, Risk Management Directorate, manages ECHA's activities related to the evaluation of active substances, applications for Union Authorisation, as well as the scientific assessments to be performed by the Agency itself under the Biocidal Products Regulation (BPR) (applications for technical equivalence, active substance supplier and classification of changes). The unit, in cooperation with Biocidal Active Substances unit D1, ensure that the Agency is well prepared to carry out these activities by utilising the best possible scientific, technical and regulatory capacity and working in an efficient and transparent way. The Unit also provides scientific and technical input to helpdesk activities, and to the development of guidance documents and scientific IT tools, within the scope of their competence.

Assignment

The selected person will work in the Biocidal Product unit D2 of the Agency and would support the human health team on certain scientific projects and areas, specifically:

- Give support in ECHA activities in regards to active substance approval;
- Give support in ECHA activities in regards to Union authorisation;
- Contribute to the work of the Biocidal Products Committee (BPC) Human Health and Human Exposure Working Groups;
- Scientific and administrative support in the assessment of technical equivalence Tier II applications.

Profile

- Completed university studies at least to bachelor degree level in a science field related to the area of the Biocide regulations (Toxicology, Human Health Risk Assessment, Biology, or other relevant scientific area such as Chemistry, Biochemistry, Microbiology, etc.);
- Experience in using MS Office tools;
- Good communication and interpersonal skills;
- Proactive attitude;
- Aptitude for team work;
- Excellent English skills both written and spoken (as this is the working language of the Agency).

Starting Date: 01 March 2021
