DECISION AMENDING DECISION MB/D/29/2010,
AS AMENDED BY DECISION MB/21/2012,
ON THE CLASSIFICATION OF SERVICES FOR WHICH CHARGES ARE LEVIED

THE MANAGEMENT BOARD OF THE EUROPEAN CHEMICALS AGENCY

Whereas

1. The Management Board of ECHA adopted decision MB/D/29/2010 of 12 November 2010 on the classification for which charges are levied, which, in particular, sets out the scale of administrative charges and the daily rate to be used for calculating service charges in its Article 4 and Tables 1 and 2 of the Annex to that decision.

2. Decision MB/D/29/2010 was amended by decision MB/21/2012 of 12 February 2013 with regard to the scale of the administrative charges. Decision MB/21/2012 also introduced the possibility for companies to be granted a reduction of the applicable administrative charge by fifty per cent, if they declare their accurate size without undue delay after being contacted by ECHA;

3. The imposition by ECHA of an administrative charge contributes to the objective of discouraging the transmission of false information by enterprises;

4. The amount of the administrative charge should be proportionate to the amount of the fees which have been avoided due to the submission of false information. Therefore, the administrative charge shall not be higher than two and a half times the amount of the fee(s) which had been avoided by the false declaration (failure of a natural or legal person to demonstrate that it was entitled to a fee reduction or waiver).

5. In order to reflect the costs for the Agency, it is also necessary to revise the daily rate to be used for calculating service charges referred to in Article 3 of decision MB/D/29/2010.
