3. When one or several constituent acts provide that clearly defined tasks are financed separately or when the Agency implements tasks entrusted to it by a delegation agreement, it shall hold separate accounts, on the revenue and expenditure operations. The Agency shall clearly identify each group of tasks in its human resource programming included in the annual and multiannual programming document referred to in Article 32.

Article 7

Ad hoc grants

1. The Agency may not receive ad-hoc grants from the budget unless authorised in the constituent act and expressly provided for by the basic act.
2. Where the Agency has been authorised to receive ad-hoc grants the tasks financed by these grants shall be included in the annual work programme referred to in Article 32(3).

Article 8

Delegation agreements

1. The Agency shall not be entrusted budget implementation tasks by the Commission except if it is duly justified by the special nature of the action and specific expertise of the Agency.
2. The choice of the Agency shall take due account of:
 - (a) the cost efficiency of entrusting those tasks;
 - (b) the impact on the body's governance structure and on its financial and human resources.
3. Where the Commission exceptionally entrusts tasks to the Agency:

Article 3

Accounting for interest yielded on pre-financing (Article 9(4) FR)

Provisions of these Rules concerning interest on pre-financing shall be without prejudice to the entry of pre-financing on the assets side of financial statements, as laid down in the accounting rules referred to in Article 94 of the Financial Regulation.

CHAPTER 2

PRINCIPLE OF ANNUALITY

Article 10

Definition

The appropriations entered in the budget of the Agency shall be authorised for a financial year which shall run from 1 January to 31 December.

Article 11

Type of appropriations

1. The budget of the Agency shall contain non-differentiated appropriations and, where justified by operational needs, differentiated appropriations. Differentiated appropriations shall consist of commitment appropriations and payment appropriations.
2. Commitment appropriations shall cover the total cost of the legal commitments entered into during the financial year.
3. Payment appropriations shall cover payments made to honour the legal commitments entered into in the financial year or preceding financial years.

Article 12

Accounting for revenue and appropriations

1. The revenue of the Agency referred to in Article 6 shall be entered in the accounts for the financial year on the basis of the amounts collected during that financial year.
2. The revenue of the Agency shall give rise to an equivalent amount of payment appropriations.
3. The appropriations authorised for a financial year shall be used solely to cover expenditure committed and paid in that financial year, and to cover amounts due against commitments from preceding financial years.

4. Commitments shall be entered in the accounts on the basis of the legal commitments entered into up to 31 December.
5. Payments shall be entered in the accounts for a financial year on the basis of the payments effected by the Accounting Officer by 31 December of that year.

Article 4

Appropriations for the financial year (Article 12(3) FR)

The commitment appropriations and payment appropriations authorised for the financial year shall consist of:

- (a) appropriations provided in the budget, including amending budgets;
- (b) appropriations carried over;
- (c) appropriations provided following the receipt of revenue assigned during the financial year or during previous financial years and not used.

Article 13

Commitment of appropriations

The appropriations entered in the budget of the Agency may be committed with effect from 1 January, once the budget of the Agency has been definitively adopted.

Article 14

Cancellation and carry-over of appropriations

1. Appropriations which have not been used by the end of the financial year for which they were entered shall be cancelled. However, they may be carried over, but only to the following financial year, by a decision taken by 15 February by the Management Board or, where the constituent act allows it, by the Executive Board in accordance with paragraphs 3 and 4 or they may be carried over automatically in accordance with paragraph 5.
2. Appropriations relating to staff expenditure may not be carried over.
3. Differentiated commitment appropriations and non-differentiated appropriations not yet committed at the end of the financial year may be carried over in respect of:
 - (a) amounts corresponding to commitment appropriations;
 - (b) amounts corresponding to non-differentiated appropriations relating to building or other infrastructure projects, for which most of the preparatory stages of the commitment procedure have been completed by 31 December. The preparatory stage of the commitment procedure shall be specified in the rules implementing the financial regulation of the Agency.

Such amounts may be committed up to 31 March of the following year, or up to 31 December of the following year for amounts relating to building projects.

4. Payment appropriations may be carried over in respect of amounts needed to cover existing commitments or commitments linked to commitment appropriations carried over, where the payment appropriations provided for in the relevant budget lines for the following financial year are not sufficient to cover requirements.

The Agency concerned shall first use the appropriations authorised for the current financial year and shall not use the appropriations carried over until the former are exhausted.

5. Non-differentiated appropriations corresponding to obligations duly contracted at the end of the financial year shall be carried over automatically to the following financial year only.
6. Appropriations carried over which have not been committed by 31 March of year N+1 shall be automatically cancelled and shall be identified in the accounts.

Article 5

Cancellation and carryover of appropriations (Article 14(3) FR)

1. The commitment appropriations and the non-differentiated appropriations relating to building projects referred to in Article 14(3)(b) of the Financial Regulation may be carried over only if the commitments could not be made before 31 December of the financial year for reasons not attributable to the authorising officer and if the preparatory stages are sufficiently advanced to make it reasonable to surmise that the commitment will be made by no later than 31 March of the following year, or 31 December for building projects.
2. The preparatory stages referred to in Article 14(3) of the Financial Regulation, which should be completed by 31 December of the financial year in order to allow a carryover to the following year, are in particular:
 - (a) for global commitments within the meaning of Article 69 of the Financial Regulation, the adoption of a financing decision or the closing by that date of the consultation of the departments concerned within each institution for the adoption of the decision;
 - (b) for individual commitments within the meaning of Article 69 of the Financial Regulation, the completion of the selection of potential contractors, beneficiaries, prize winners or delegates.
3. Appropriations carried over in accordance with Article 14(3) of the Financial Regulation, which have not been committed by 31 March of the following financial year or up to 31 December of the following year for amounts relating to building projects shall be automatically cancelled.

The Agency shall inform the Commission of the appropriations cancelled in this way within one month following the cancellation in accordance with the first subparagraph.
4. Appropriations carried over in accordance with Article 14(3) of the Financial Regulation may be used until 31 December of the following financial year.
5. The accounts shall identify appropriations carried over in accordance with paragraphs 1 to 4.

Article 15

Carry-over rules for assigned revenue

Carry-over of assigned revenue referred to in Article 23, and of appropriations not used and available at 31 December arising from such revenue, shall comply with the following rules:

- (a) external assigned revenue shall be carried over automatically and shall be fully used by the time all the operations relating to the programme or action to which it is assigned have been carried out; external assigned revenue received during the last year of the programme or action may be used in the first year of the succeeding programme or action;
- (b) internal assigned revenue shall be carried over for one year only, with the exception of internal assigned revenue defined in point (f) of Article 23(3), which shall be carried over automatically.

By 1 June of the year N+1 at the latest, the Agency shall inform the Commission about the implementation of the assigned revenue carried over.

Article 16

Decommitment of appropriations

Where appropriations are decommitted in any financial year after that in which the appropriations were entered in the budget of the Agency as a result of total or partial non-implementation of the actions for which they were earmarked, the appropriations concerned shall be cancelled.

Article 17
Commitments

1. As from 15 October of each year, routine administrative expenditure may be committed in advance against the appropriations provided for the following financial year. Such commitments shall not, however, exceed one quarter of the appropriations decided by the Management Board on the corresponding budget line for the current financial year. They shall not apply to new expenditure of a kind not yet approved in principle in the last budget of the Agency duly adopted.
2. Expenditure which shall be paid in advance, for example rents, may give rise to payments from 1 December onwards to be charged to the appropriations for the following financial year. In this case, the limit referred to in paragraph 1 shall not apply.

Article 18
Rules applicable in the event of late adoption of the budget of the Agency

1. If the budget of the Agency has not been definitively adopted at the beginning of the financial year, the rules set out in paragraphs 2 to 6 shall apply.
2. Commitments and payments may be made within the limits laid down in paragraph 3.
3. Commitments may be made per chapter up to a maximum of one quarter of the total appropriations authorised in the relevant chapter of the previous financial year plus one twelfth for each month which has elapsed.

The limit of the appropriations provided for in the statement of estimates of revenue and expenditure shall not be exceeded.

Payments may be made monthly per chapter up to a maximum of one twelfth of the appropriations authorised in the relevant chapter of the preceding financial year. That sum shall not, however, exceed one twelfth of the appropriations provided for in the same chapter in the statement of estimates of revenue and expenditure.

4. The appropriations authorised in the relevant chapter of the preceding financial year, as specified in paragraphs 2 and 3, shall be understood as referring to the appropriations voted in the budget of the Agency, including by amending budgets, and after adjustment for the transfers made during that financial year.
5. At the request of the Executive Director, if the continuity of action by the Agency and management needs so require, the Management Board, may authorise expenditure in excess of one provisional twelfth but not exceeding the total of four provisional twelfths, except in duly justified cases, both for commitments and for payments over and above those automatically made available in accordance with paragraphs 2 and 3.

The additional twelfths shall be authorised in full and shall not be divisible.

6. If, for a given chapter, the authorisation of four provisional twelfths granted in accordance with paragraph 5 is not sufficient to cover the expenditure necessary to avoid a break in continuity of action by the Agency in the area covered by the chapter in question, authorisation may exceptionally be given to exceed the amount of the appropriations entered in the corresponding chapter of the budget of the Agency of the preceding financial year. The Management Board shall act in accordance with the procedures provided for in paragraph 5. However, the overall total of the appropriations available in the budget of the Agency of the preceding financial year or in the draft budget of the Agency, as proposed, may in no circumstances be exceeded.

CHAPTER 3

PRINCIPLE OF EQUILIBRIUM

Article 19 **Definition and scope**

1. Revenue and payment appropriations shall be in balance.
2. Commitment appropriations may not exceed the amount of the Union contribution, plus own revenue and any other revenue referred to in Article 6.
3. For bodies for which the revenue is constituted by fees and charges in addition to Union contribution, fees should be set at a level such as to avoid a significant accumulation of surplus. Where a significant positive or negative budget result, within the meaning of Article 97, becomes recurrent, the level of the fees and charges shall be revised.
4. The Agency may not raise loans within the framework of the budget of the Agency, save for building acquisition and under the conditions of Article 88.
5. The Union contribution to the Agency shall constitute for the budget of the Agency a balancing contribution and may be divided into a number of payments.
6. The Agency shall implement rigorous cash management, taking due account of assigned revenue, in order to ensure that its cash balances are limited to duly justified requirements. With its payment requests it shall submit detailed and updated forecasts on its real cash requirements throughout the year, including information on assigned revenue.

Article 20 **Budget result from financial year**

1. If the budget result within the meaning of Article 97 is positive, it shall be repaid to the Commission up to the amount of the contribution paid during the year. The part of the budget result exceeding the amount of the Union contribution paid during the year shall be entered in the budget of the Agency for the following financial year as revenue.

The first subparagraph shall also apply when the revenue of the Agency is constituted by fees and charges in addition to the Union contribution.

The difference between the contribution entered in the budget and that actually paid to the Agency shall be cancelled.

The Agency shall provide, no later than 31 January of the year n at the latest, an estimate of the budget result from the year $n-1$, which is to be returned to the budget later in year n , in order to complete the information already available concerning the budget result of the year $n-2$. This information shall be duly taken into account by the Commission when assessing the financial needs of Agency for the year $n+1$.
2. In exceptional cases, where the constituent act provides that the revenues arising from fees and charges are assigned to particular items of expenditure, the Agency may carry-over the balance of fees and charges as assigned revenue for the activities related to the provision of the services for which the fees are due.
3. If the budget result within the meaning of Article 97 is negative, it shall be entered in the budget of the Agency for the following financial year as payment appropriations or, where appropriate, offset against positive budget result of the Agency in the following financial years.
4. The revenue or payment appropriations shall be entered in the budget of the Agency during the budgetary procedure using the letter of amendment procedure set out in Article 39 of Regulation (EU, Euratom) No 966/2012 or, while implementation of the budget of the Agency is under way, by means of an amending budget.

CHAPTER 4

PRINCIPLE OF UNIT OF ACCOUNT

Article 21 ***Use of euro***

The budget of the Agency shall be drawn up and implemented in euro and the accounts shall be presented in euro. However, for cash-flow purposes, the Accounting Officer and, in the case of imprest accounts, the imprest administrators shall be authorised to carry out operations in other currencies as laid down in the financial rules of the Agency.

Article 6

Rate of conversion between the euro and other currencies (Article 21 FR)

1. Without prejudice to specific provisions arising from the application of sector-specific regulations, conversion by the responsible authorising officer shall be made using the daily euro exchange rate published in the C series of the Official Journal of the European Union.

Where conversion between the euro and another currency is to be made by the contractors or beneficiaries, the specific arrangements for conversion contained in procurement contracts, grant agreements or financing agreements shall apply.

2. In order to avoid that currency conversion operations have a significant impact on the level of the Agency co-financing or a detrimental impact on the Agency budget, the specific arrangements for conversion referred to in paragraph 1 shall provide, if appropriate, for a rate of conversion between the euro and other currencies to be calculated using the average of the daily exchange rate in a given period.
3. If no daily euro exchange rate is published in the Official Journal of the European Union for the currency in question, the responsible authorising officer shall use the accounting rate referred to in paragraph 4.
4. For the purposes of the accounts provided for in Articles 100 to 105 of the Financial Regulation and subject to Article 93 of these Rules, conversion between the euro and another currency shall be made using the monthly accounting rate of the euro. That accounting exchange rate shall be established by the Commission's accounting officer by means of any source of information he regards as reliable, on the basis of the exchange rate on the penultimate working day of the month preceding that for which the rate is established.
5. The results of the currency operations referred to in paragraph 4 of this Article shall be shown under a separate heading in the Agency's accounts.

Article 7

Rate to be used for conversion between the euro and other currencies (Article 21 FR)

1. Without prejudice to specific provisions deriving from the application of sector-specific regulations, or from specific procurement contracts, grant agreements or grant decisions and financing agreements, the rate to be used for conversion between the euro and other currencies shall, in cases where the conversion is carried out by the responsible authorising officer, be that of the day on which the payment order or recovery order is drawn up by the authorising department.
2. In case of euro imprest accounts, the rate to be used for the conversion between the euro and other currencies shall be determined by the date of the payment by the bank.
3. For the regularisation of imprest accounts in national currencies, as referred to in Article 21 of the Financial Regulation, the rate to be used for the conversion between the euro and other currencies shall be that of the month of the expenditure from the imprest account concerned.
4. For the reimbursement of flat-rate expenditure, or expenditure arising from the Staff

Regulations of Officials of the European Union and the Conditions of Employment of Other Servants of the European Union (hereinafter 'Staff Regulations') which is fixed at a ceiling, and which is paid in a currency other than the euro, the rate to be used shall be that which is in force when the entitlement arises.

CHAPTER 5

PRINCIPLE OF UNIVERSALITY

Article 22 **Definition and scope**

Without prejudice to Article 23, total revenue shall cover total payment appropriations. Without prejudice to Article 25, all revenue and expenditure shall be entered in full without any adjustment against each other.

Article 23 **Assigned revenue**

1. External assigned revenue and internal assigned revenue shall be used to finance specific items of expenditure.
2. The following shall constitute external assigned revenue:
 - (a) financial contributions from Member States and third countries, including in both cases their public agencies, entities or natural persons, to certain activities, of Union bodies insofar as this is provided for in the agreement concluded between the Agency and the Member States, third countries or the public agencies, entities or natural persons in question;
 - (b) revenue earmarked for a specific purpose, such as income from foundations, subsidies, gifts and bequests;
 - (c) financial contributions, not covered by point (a), to Union bodies' activities from third countries or various non-Union bodies;
 - revenue from ad-hoc grants referred to in Article 7;
 - revenue from delegation agreements referred to in Article 8;
 - (d) internal assigned revenue referred to in paragraph 3, to the extent that it is ancillary to the other revenue referred to in points (a) to (c) of this paragraph;
 - (e) revenue from fees and charges referred to in Article 6(2).
3. The following shall constitute internal assigned revenue:
 - (a) revenue from third parties in respect of goods, services or work supplied at their request, with the exception of fees and charges referred to in Article 6(1)(a);
 - (b) proceeds from the sale of vehicles, equipment, installations, materials, and scientific and technical apparatus which are replaced or scrapped when the book value is fully depreciated or a recognised gain is made if the asset is sold prior to being fully depreciated;
 - (c) revenue arising from the repayment, in accordance with Article 62, of amounts wrongly paid;
 - (d) proceeds from the supply of goods, services and works for Union institutions or other Union bodies;
 - (e) insurance payments received;
 - (f) revenue from lettings;

- (g) revenue from the sale of publications and films, including those on an electronic medium;
 - (h) revenue arising from subsequent reimbursement of taxes pursuant to Article 25(3)(b).
4. Without prejudice to Article 23(2)(e) the relevant constituent act may also assign the revenue for which it provides to specific items of expenditure. Unless specified otherwise in the relevant constituent act, such revenue shall constitute internal assigned revenue.
 5. All items of revenue within the meaning of points (a) to (c) of paragraph 2 and points (a) and (d) of paragraph 3, shall cover all direct or indirect expenditure incurred by the activity or purpose in question.
 6. The budget of the Agency shall include lines to accommodate external assigned revenue and internal assigned revenue and wherever possible shall indicate the amount.

Assigned revenue may be included in the estimate of revenue and expenditure only for the amounts which are certain at the date of the establishment of the estimate.

Article 8

Structure to accommodate assigned revenue and provision of corresponding appropriations (Article 23(6) FR)

1. The structure to accommodate assigned revenue in the budget shall comprise:
 - (a) in the statement of revenue, a budget line to receive the revenue;
 - (b) in the statement of expenditure, the budget remarks, including general remarks, shall show which lines may receive the appropriations corresponding to the assigned revenue which are made available.

In the case referred to in point (a) of the first subparagraph, a token entry 'pro memoria' shall be made and the estimated revenue shall be shown for information in the remarks.

2. The appropriations corresponding to assigned revenue shall be made available automatically, both as commitment appropriations and as payment appropriations, when the revenue has been received by the Agency.

Article 24 **Donations**

1. The Executive Director may accept any donation made to the Agency, such as foundations, subsidies, gifts and bequests.
2. Acceptance of donations which may involve a financial charge shall be subject to the prior authorisation of the Management Board or, where the constituent act allows it, of the Executive Board, which shall take a decision within two months of the date on which the request is submitted to it. If the Management Board or, where the constituent act allows it, the Executive Board fails to take a decision within that period, the donation shall be deemed accepted.

Article 9

Charges entailed by acceptance of donations to the Agency (Article 24(2) FR)

For the purposes of the authorisation of the Management Board referred to in Article 24(2) of the Financial Regulation, the Director shall estimate and duly explain the financial charges, including follow-up costs, entailed by the acceptance of donations made to the Agency.

Article 25 **Rules on deductions and exchange rates adjustments**

1. The following deductions may be made from payment requests which shall then be passed for payment of the net amount:

- (a) penalties imposed on parties to procurement contracts or beneficiaries;
- (b) discounts, refunds and rebates on individual invoices and cost statements;
- (c) adjustments for amounts unduly paid.

The adjustments referred to in point (c) of the first subparagraph may be made, by means of direct deduction, against a new interim payment or payment of a balance to the same payee under the chapter, article and financial year in respect of which the excess payment was made.

Union accounting rules shall apply to the deductions referred to in point (c) of the first subparagraph.

2. The cost of products or services provided to the Agency incorporating taxes refunded by the Member States pursuant to the Protocol on the Privileges and Immunities of the European Union shall be charged to the budget of the Agency for the ex-tax amount provided that it applies to the Agency.
3. The cost of products or services provided to the Agency incorporating taxes refunded by third countries on the basis of relevant agreements may be charged to the budget of the Agency for any of the following:
 - (a) the ex-tax amount;
 - (b) the tax-inclusive amount. In such case, subsequently reimbursed taxes shall be treated as internal assigned revenue.
4. Any national taxes temporarily borne by the Agency under paragraphs 2 and 3 shall be entered in a suspense account until they are refunded by the State concerned.
5. Any negative budget result shall be entered in the budget of the Agency as expenditure.
6. Adjustments may be made in respect of exchange differences occurring in the implementation of the budget of the Agency. The final gain or loss shall be included in the budget result for the year.

CHAPTER 6

PRINCIPLE OF SPECIFICATION

Article 26 ***General provisions***

Appropriations shall be earmarked for specific purposes by title and chapter. The chapters shall be further subdivided into articles and items.

Article 27 ***Transfers***

1. The Executive Director may transfer appropriations:
 - (a) from one title to another up to a maximum of 10 % of the appropriations for the year shown on the line from which the transfer is made;
 - (b) from one chapter to another and from one article to another without limit.
2. Beyond the limit referred in paragraph 1, the Executive Director may propose to the Management Board or, where the constituent act allows it, to the Executive Board transfers of appropriations from one title to another. The Management Board or, where the constituent act allows it, the Executive Board shall have three weeks to oppose such transfers. After that time-limit they shall be deemed to be adopted.
3. Proposals for transfers and transfers carried out under paragraphs 1 and 2 shall be accompanied by appropriate and detailed supporting documents showing the

implementation of appropriations and estimates of requirements up to the end of the financial year, both for the headings to be credited and for those from which the appropriations are drawn.

4. The Executive Director shall inform the Management Board as soon as possible of all transfers made. The Executive Director shall inform the European Parliament and the Council of all transfers carried out under paragraph 2.

Article 10

1. The percentages referred to in Article 27 of the Financial Regulation shall be calculated at the time the request for transfer is made and with reference to the appropriations provided in the budget, including amending budgets.
2. The amount to be taken into consideration shall be the sum of the transfers to be made on the line from which transfers are being made, after adjustment for earlier transfers made.

Article 28

Specific rules on transfers

1. Appropriations may only be transferred to lines in budget of the Agency for which the budget of the Agency has authorised appropriations or which carry a token entry "*pro memoria*".
2. Appropriations corresponding to assigned revenue may be transferred only if such revenue is used for the purpose for which it is assigned.

CHAPTER 7

PRINCIPLE OF SOUND FINANCIAL MANAGEMENT

Article 29

Principles of economy, efficiency and effectiveness/Principle of sound financial management

1. Appropriations shall be used in accordance with the principle of sound financial management, namely in accordance with the principles of economy, efficiency and effectiveness.
2. The principle of economy requires that the resources used by the Agency in the pursuit of its activities shall be made available in due time, in appropriate quantity and quality and at the best price.

The principle of efficiency concerns the best relationship between resources employed and results achieved.

The principle of effectiveness concerns the attainment of the specific objectives set and the achievement of the intended results.

3. The Agency shall participate in a benchmarking exercise undertaken by the Commission referred to in Article 50 of Regulation (EU, Euratom) No 966/2012.

The benchmarking exercise shall include:

- a review of the efficiency of the Agency's horizontal services;
- a cost-benefit analysis of sharing services or transferring them entirely to other Union body or the Commission.

When carrying out the benchmarking exercise referred to in the first and the second subparagraph the Agency shall make necessary arrangements to avoid any conflict of interests.

4. Specific, measurable, achievable, relevant and timed objectives shall be set for all sectors of activity covered by the budget of the Agency. The achievement of those objectives shall be monitored by performance indicators for each activity, and the information shall be provided to the Management Board by the Executive Director. That information shall be provided annually and at the latest in the documents accompanying the draft budget of the Agency.
5. In order to improve decision-making, the Agency shall undertake both *ex ante* and *ex post* evaluations in line with guidance provided by the Commission. Such evaluations shall be applied to all programmes and activities which entail significant spending and evaluation results shall be sent to the Management Board.
6. The Executive Director shall prepare an action plan to follow-up on the conclusions of the evaluations referred to in paragraph 5 and report on its progress twice a year to the Commission and regularly to the Management Board.
7. The Management Board shall scrutinise the implementation of the action plan referred to in paragraph 6.

Article 11

Evaluation (Article 29(5) FR)

1. All proposals for programmes, projects or activities occasioning budget expenditure or changes to the work programme for which the overall estimated expenditure exceeds EUR 1.000.000 (one million) shall be the subject of an *ex ante* evaluation, which shall address in particular:

Article 52

Withdrawal of delegation and suspension of duties given to financial actors

1. Authorising Officers by delegation and subdelegation may at any time have their delegation or subdelegation withdrawn temporarily or definitively by the authority which appointed them. The Authorising Officer may at any time withdraw his or her agreement to a specific subdelegation.
2. The Accounting Officer or imprest administrator, or both, may at any time be suspended temporarily or definitively from their duties by the Management Board. In such a case, the Management Board shall appoint an interim Accounting Officer.
3. Paragraphs 1 and 2 shall be without prejudice to any disciplinary action taken in respect of the financial actors referred to in those paragraphs.

Article 53

Liability of the financial actors for illegal activity, fraud or corruption

1. Articles 52 to 56 are without prejudice to any liability under criminal-law which the financial actors referred to in Article 52 may incur as provided for in the applicable national law and in the provisions in force concerning the protection of the Union's financial interests and the fight against corruption involving Union officials or officials of Member States.
2. Without prejudice to Articles 54, 55 and 56 each Authorising Officer, Accounting Officer or imprest administrator shall be liable to disciplinary action and payment of compensation as laid down in the Staff Regulations. In the event of illegal activity, fraud or corruption which may harm the interests of the Union, the matter shall be submitted to the authorities and bodies designated by the applicable legislation, in particular to European Anti-Fraud Office.

SECTION 2

RULES APPLICABLE TO AUTHORISING OFFICERS

Article 54 *Rules applicable to Authorising Officers*

1. The Authorising Officer shall be liable for payment of compensation as laid down in the Staff Regulations.
2. The obligation to pay compensation shall apply in particular if the Authorising Officer, whether intentionally or through gross negligence on his or her part:
 - (a) determines entitlements to be recovered or issues recovery orders, commits expenditure or signs a payment order without complying with this Regulation and, where appropriate, with the rules implementing the Agency's Financial Regulation;
 - (b) omits to draw up a document establishing an amount receivable, neglects to issue a recovery order or is late in issuing it or is late in issuing a payment order, thereby rendering the Agency liable to civil action by third parties.
3. An Authorising Officer by delegation or subdelegation who considers that a decision, which is his or her responsibility to take, is irregular or contrary to the principle of sound financial management shall inform the delegating authority in writing. If the delegating authority then gives a reasoned instruction in writing to the Authorising Officer by delegation or subdelegation to take that decision, that Authorising Officer shall not be held liable.
4. In the event of delegation, the Authorising Officer shall continue to be responsible for the efficiency and effectiveness of the internal management and control systems put in place and for the choice of the Authorising Officer by delegation.
5. The specialised financial irregularities panel set up by the Commission or in which the Commission participates in accordance with Article 73(6) of Regulation (EU, Euratom) No 966/2012, shall exercise the same powers in respect of the Agency as it does in respect of Commission departments, unless the Management Board or, where the constituent act allows it, the Executive Board decides to set up a functionally independent panel, or to participate in a joint panel established by several bodies. For cases submitted by Union bodies, the specialised financial irregularities panel set up by the Commission or in which the Commission participates shall include one staff member of a Union body.

On the basis of the opinion of the panel referred to in the first subparagraph, the Executive Director shall decide whether to initiate proceedings for disciplinary action or payment of compensation. If the panel detects systemic problems, it shall send a report with recommendations to the Authorising Officer and to the Commission's Internal Auditor. If the opinion implicates the Executive Director, the panel shall send it to the Management Board and the Commission's Internal Auditor. The Executive Director shall refer, in anonymous form, to opinions of the panel in his or her annual activity report and indicate the follow-up measures taken.
6. Any member of staff may be required to compensate, in whole or in part, any damage suffered by the Agency as a result of serious misconduct on his or her part in the course of or in connection with the performance of his or her duties. The appointing authority shall take a reasoned decision, after completing the formalities laid down by the Staff Regulations with regard to disciplinary matters.

Article 44 **Confirmation of instructions (Article 54(3) FR)**

1. An authorising officer by delegation or subdelegation who receives a binding instruction which he considers being irregular or contrary to the principle of sound financial management, in particular because the instruction cannot be carried out with the resources allocated to him, shall, in writing, so inform the delegating authority from whom he received the delegation or subdelegation. If the instruction is confirmed in writing and that confirmation is received in good

time and is sufficiently clear, in that it refers explicitly to the points which the authorising officer by delegation or subdelegation has challenged, the authorising officer may not be held liable. He shall carry out the instruction, unless it is manifestly illegal or constitutes a breach of the relevant safety standards.

2. Paragraph 1 shall also apply in cases where an authorising officer learns, in the course of acting on a binding instruction, that the circumstances of the case may give rise to an irregular situation.

Any instructions confirmed in the circumstances described in Article 54(3) of the Financial Regulation shall be recorded by the authorising officer by delegation responsible and mentioned in his annual activity report.

Article 45

Without prejudice to the powers of OLAF, the Financial Irregularities Panel referred to in Article 17 (hereinafter 'the Panel') shall be competent in respect of any infringement of a provision of the Financial Regulation or of a provision relating to financial management or the checking of operations resulting from an act or omission of a member of staff.

1. Cases of financial irregularities as referred to in Article 45 shall be referred to the Panel by the appointing authority/Director for an opinion referred to in the second subparagraph of Article 54(5) of the Financial Regulation.

An authorising officer by delegation may refer a matter to the panel if he considers that a financial irregularity has occurred. The Panel shall deliver an opinion evaluating whether irregularities within the meaning of Article 45 have occurred, how serious they are and what their consequences might be. Where the Panel's analysis suggests that the case referred to it is a matter for OLAF, it shall transmit the file to the appointing authority without delay and shall inform OLAF at once.

2. When the Panel is directly informed of a matter by a member of staff in accordance with Article 48 (1) of the Financial Regulation, it shall transmit the file to the appointing authority and shall inform the member of staff accordingly. The appointing authority/Director may request the Panel's opinion on the case.

2. The estimate of the amount receivable shall be adjusted by the Authorising Officer as soon as he or she is aware of an event modifying the measure or the situation which gave rise to the estimate being made.

When establishing the recovery order on a measure or situation that had previously given rise to an estimate of amounts receivable, that estimate shall be adjusted accordingly by the Authorising Officer.

If the recovery order is drawn up for the same amount as the original estimate of amounts receivable, that estimate shall be reduced to zero.

Article 47
Estimate of amounts receivable (Article 59(1) FR)

3. The debit note shall be to inform the debtor that:

2. The interest rate for amounts receivable not repaid on the deadline referred to in Article 48(3)(b) shall be the rate applied by the European Central Bank to its principal refinancing operations, as published in the C series of the Official Journal of the European Union, in force on the first calendar day of the month in which the deadline falls, increased by:
 - (a) eight percentage points where the obligating event is a public supply and service contract referred to in Title V of the Financial Regulation;
 - (b) three and a half percentage points in all other cases.
3. Interest shall be calculated from the calendar day following the deadline referred to in Article 48(3)(b) and specified in the debit note up to the calendar day on which the debt is repaid in full.

The recovery order corresponding to the amount of the default interest shall be issued when this interest is actually received.

4. In the case of fines, where the debtor provides a financial guarantee which is accepted by the accounting officer instead of payment, the interest rate applicable from the deadline referred to in Article 48(3)(b) shall be the rate referred to in paragraph 2 of this Article as in force on the first day of the month in which the decision imposing a fine has been adopted and increased only by one and a half percentage points.

Article 61
Authorisation of recovery

The authorisation of recovery is the act by which the Authorising Officer instructs the Accounting Officer, by issuing a recovery order, to recover an amount receivable which that Authorising Officer has established.

Article 52
Establishment of the recovery order (Article 61 FR)

1. The recovery order shall specify:
 - (a) the financial year to which the revenue is to be booked;
 - (b) the references of the act or legal commitment which is the source of the debt and gives rise to the entitlement to recovery;
 - (c) the budget article and any other subdivision that may apply, including, where appropriate, the references of the corresponding budget commitment;
 - (d) the amount to be recovered, expressed in euro;
 - (e) the name and address of the debtor;
 - (f) the deadline referred to in Article 48(3)(b);
 - (g) the possible method of recovery, including in particular recovery by offsetting or enforcement of any guarantee lodged.
2. The recovery order shall be dated and signed by the authorising officer responsible, then sent to the accounting officer.
3. The accounting officer of the Agency shall keep a list of amounts due to be recovered. Agency entitlements shall be grouped in the list according to the date of issue of the recovery order.

Article 62
Rules on recovery

1. The Accounting Officer shall act on recovery orders for amounts receivable duly established by the Authorising Officer. The Accounting Officer shall exercise due diligence to ensure that the Agency receives its revenue and shall ensure that its rights are safeguarded.
2. If actual recovery has not taken place by the due date stipulated in the debit note, the Accounting Officer shall inform the Authorising Officer and immediately launch the procedure for effecting recovery by any means offered by the law, including, where appropriate, by offsetting and, if this is not possible, by enforced recovery.
3. The Accounting Officer shall recover amounts by offsetting them against equivalent claims that the Agency has on any debtor who in turn has a claim on the Agency. Such claims shall be certain, of a fixed amount and due.
4. Where the Authorising Officer plans to waive or partially waive recovery of an established amount receivable, he or she shall ensure that the waiver is in order and is in accordance with the principles of sound financial management and proportionality. The waiver decision shall be substantiated. The Authorising Officer may delegate the waiver decision only for amounts receivable of less than EUR 5 000.

The waiver decision shall state what action has been taken to secure recovery and the points of law and fact on which it is based.
5. The Authorising Officer shall cancel an established amount receivable in full or in part when the discovery of a mistake reveals that the amount had not been correctly established. Such cancellation shall be by decision of the Authorising Officer and shall be suitably substantiated.

Article 53

Recovery by offsetting (Article 62(3) FR)

1. Where the debtor has a claim on the Agency that is certain as defined in point (a) of Article 49, of a fixed amount and due, relating to a sum established by a payment order, the accounting officer shall, following the deadline referred to in Article 48(3)(b) recover established amounts receivable by offsetting.

In exceptional circumstances, where it is necessary to safeguard the financial interests of the Agency, when the accounting officer has justified grounds to believe that the amount due to the Agency would be lost, the accounting officer shall recover by offsetting before the deadline referred to in Article 48(3)(b).

The accounting officer shall also recover by offsetting before the deadline referred to in Article 48(3)(b) when the debtor agrees.

2. Before proceeding with any recovery in accordance with paragraph 1, the accounting officer shall consult the authorising officer responsible and inform the debtors concerned.

Where the debtor is a national authority or one of its administrative entities, the accounting officer shall also inform the Member State concerned at least 10 working days in advance of his intention to resort to recovery by offsetting. However, in agreement with the Member State or administrative entity concerned, the accounting officer may proceed with the recovery by offsetting before the deadline has passed.

3. The offsetting referred to in paragraph 1 shall have the same effect as a payment and discharge the Agency for the amount of the debt and, where appropriate of the interest due.

Article 54

Waiving of recovery of an established amount receivable (Article 62(4) FR)

1. The authorising officer responsible may waive recovery of all or part of an established amount receivable only in the following cases:

- (a) where the foreseeable cost of recovery would exceed the amount to be recovered and the waiver would not harm the image of the Agency;
- (b) where the amount receivable cannot be recovered in view of its age or the insolvency of the debtor;
- (c) where recovery is inconsistent with the principle of proportionality.

2. In the case referred to in point (c) of paragraph 1, the authorising officer responsible shall act in accordance with predetermined procedures established within the Agency and shall apply the following criteria which are compulsory and applicable in all circumstances:

- (a) the facts, having regard to the gravity of the irregularity giving rise to the establishment of the amount receivable (fraud, repeat offence, intent, diligence, good faith, manifest error);
- (b) the impact that waiving recovery would have on the operation of the Agency and its financial interests (amount involved, risk of setting a precedent, undermining of the authority of the law).

Depending on the circumstances of the case, the authorising officer responsible may also have to take the following additional criteria into account:

- (a) any distortion of competition that would be caused by the waiving of recovery;
- (b) the economic and social damage that would be caused were the debt to be recovered in full.

3. The waiver decision referred to in Article 62(4) of the Financial Regulation shall be substantiated and shall refer to the diligence exercised to secure recovery and the points of law and fact on which the waiver is based. The authorising officer responsible shall waive recovery in accordance with Article 52.

4. The Agency shall send to the European Parliament and Council each year a report on the

waivers referred to in paragraphs 1 to 3 of this Article involving EUR 100 000 or more. That report shall be annexed to the consolidated annual activity report referred to in Article 47 of the Financial Regulation.

Article 55

Article 56

Recovery of fines or other penalties (Article 62 FR)

1. Where an action is brought before the Court of Justice of the European Union against an Agency decision imposing a fine or other penalties under the TFEU or Euratom Treaty and until such time as all legal remedies have been exhausted, the debtor shall either provisionally pay the amounts concerned on the bank account designated by the accounting officer or provide a financial guarantee acceptable to the accounting officer. The guarantee shall be independent of the obligation to pay the fine or penalty payment or other penalties and shall be enforceable upon first call. It shall cover the claim as to principal and the interest due as specified in Article 51(4).
2. The Agency shall secure the provisionally cashed amounts by having them invested in financial assets thus ensuring the security and liquidity of the monies whilst also aiming at yielding a positive return.
3. After the exhaustion of all legal remedies and where the fine or penalty has been confirmed any of the following measures shall be taken:
 - (a) the provisionally collected amounts and the interest and other amounts they have yielded shall be entered into the budget in accordance with Article 62 of the Financial Regulation at the latest during the financial year following the year in which all legal remedies have been exhausted;
 - (b) where a financial guarantee has been lodged, the latter shall be enforced and the corresponding amounts entered in the budget;

Where the amount of the fine or of the penalty has been increased by the Court, points (a) and (b) of the first subparagraph shall apply up to the amounts of the decision of the Agency and the accounting officer shall collect the amount corresponding to the increase, which will be entered into the budget.

4. After all legal remedies have been exhausted and where the fine or penalty has been cancelled or reduced any of the following measures shall be taken:
 - (a) the amounts unduly collected together with the interest yielded shall be repaid to the third party concerned. In cases where the overall return yielded for the relevant period has been negative, the nominal value of the amounts unduly collected shall be repaid;
 - (b) where a financial guarantee has been lodged, the latter shall be released accordingly.

Article 63

Collection formalities

1. Upon actual recovery of the sum due, the Accounting Officer shall make an entry in the accounts and shall inform the Authorising Officer.
2. A receipt shall be issued in respect of all cash payments made to the Accounting Officer.

3. Partial reimbursement by a debtor subject to several recovery orders shall first be posted on the oldest entitlement unless otherwise specified by the debtor, or in the relevant Commission Regulation setting out the provisions on fees.

Any partial payments shall first cover the interest, if applicable.

Article 64

Additional time for payment

1. The Accounting Officer, in collaboration with the Authorising Officer, may allow additional time for payment only at the written request of the debtor, with due indication of the reasons, and provided that the following two conditions are fulfilled:

- (a) the debtor undertakes to pay interest at the rate specified in Article 83 of Delegated Regulation (EU) 1268/2012 for the entire additional period allowed, starting from the deadline referred to in Article 80(3)(b) of Delegated Regulation (EU) 1268/2012;
- (b) in order to safeguard the rights of the Agency, the debtor lodges a financial guarantee covering the debt outstanding in both the principal sum and the interest, which is accepted by the Agency's Accounting Officer.

The guarantee referred to in point (b) of the first subparagraph may be replaced by a joint and several guarantee by a third party approved by the Agency's Accounting Officer.

2. In exceptional circumstances, following a request by the debtor, the Accounting Officer may waive the requirement of a guarantee referred to in point (b) of the first subparagraph of paragraph 1 when, on the basis of his assessment, the debtor is willing and able to make the payment in the additional time period but is not able to lodge such guarantee and is in a distressed situation.

Article 65

List of entitlements

1. The Accounting Officer shall keep a list of amounts due to be recovered. The Agency's entitlements shall be grouped in the list according to the date of issue of the recovery order. The Accounting Officer shall also indicate decisions to waive or partially waive recovery of established amounts. The list shall be added to the Agency's report on budgetary and financial management.
2. The Agency shall establish a list of Agency entitlements stating the names of the debtors and the amount of the debt, where the debtor has been ordered to reimburse by a court decision that has the force of *res judicata* and where no or no significant reimbursement has been made for one year following its pronouncement. The list shall be published, with due regard to the protection of personal data in accordance with the requirements of Regulation (EC) No 45/2001.

As far as personal data referring to natural persons are concerned, the information published shall be removed once the amount of the debt has been fully reimbursed. The same shall apply to personal data referring to legal persons for whom the official title identifies one or more natural persons.

The decision to include the debtor on the list of Agency entitlements shall be taken in compliance with the principle of proportionality and shall take into account, in particular the significance of the amount.

Article 66

Limitation period

Entitlements of the Agency in respect of third parties and entitlements of third parties in respect of the Agency shall be subject to a limitation period of five years.

Article 57

Rules for limitation periods (Article 66 FR)

The limitation period for entitlements of third parties in respect of the Agency shall begin to run on the date on which the payment of the third party's entitlement is due according to the corresponding legal commitment.

2. The limitation period for entitlements of the Agency in respect of third parties shall be interrupted by any act of an institution, or a Member State acting at the request of an institution, notified to the third party and aiming at recovering the debt.

The limitation period for entitlements of third parties in respect of the Agency shall be interrupted by any act notified to the Agency by its creditors or on behalf of its creditors aiming at recovering the debt.

3. A new limitation period of five years shall begin to run on the day following the interruptions referred to in paragraph 2.
4. Any legal action relating to an amount receivable as referred to in paragraph 1, including actions brought before a court which later declares itself not to have jurisdiction, shall interrupt the limitation period. The new limitation period of five years shall not begin until a judgment having the force of *res judicata* is given or there is an extrajudicial settlement between the same parties on the same action.
5. Where the accounting officer allows the debtor additional time for payment in accordance with Article 64 of the Financial Regulation, this shall be considered as an interruption of the limitation period. The new limitation period of five years shall begin to run on the day following the expiry of the extended time for payment.
6. Entitlements shall not be recovered after the expiry of the limitation period, as established in paragraphs 1 to 5.

Article 67

Specific provisions applicable to fees and charges

Where the Agency collects fees and charges referred to in Article 6(1)(a), an overall provisional estimate of such fees and charges shall be made at the beginning of each financial year.

Where fees and charges are entirely determined by legislation or decisions of the Management Board, the Authorising Officer may abstain from issuing recovery orders and directly draw up debit notes after having established the amount receivable. In this case all details of the Agency's entitlement shall be registered. The Accounting Officer shall keep a list of all debit notes and provide the number of the debit notes and the global amount in the Agency's report on budgetary and financial management.

Where the Agency uses a separate invoicing system, the Accounting Officer shall regularly, and at least on a monthly basis, enter the accumulated sum of fees and charges received into the accounts.

The Agency shall provide services by virtue of the tasks entrusted to it only after the corresponding fee or charge has been paid in its entirety. However, in exceptional circumstances, a service may be provided without prior payment of the corresponding charge or fee. In cases where service has been provided without prior payment of the corresponding charge or fee, Article 63 shall apply.
