

**Member of the
Committee for Risk Assessment (RAC)**

1. General Information:

Name (SMITH, Jenny):

Ms / Mr

Appointed by: ECHA Management Board, nominated by MS

Nationality: Irish

2. Education:

- PhD in environmental chemistry and endocrine disruption. University of Dublin, Trinity College, Dublin 2, Ireland.
- Bachelors Degree in Marine Science (Honours), University of Galway, Galway, Ireland.
- Professional Development Certificate in Analytical Chemistry – Analytical Methodology. University of Greenwich, UK

3. Relevant Employment

Present employment	Chemicals Risk Assessment and Management under REACH Health and Safety Authority, Ireland (2021 – present)
Previous relevant employment	Seafood Chemistry Programme Scientist The Marine Institute, Galway, Ireland
	Post-doctoral researcher AsMARA project (Arsenic in marine macroalgae and implications for industry) with University of Ireland, Galway and the Marine Institute, Galway, Ireland.
	Post-doctoral researcher: ‘The Role of Passive Sampling in future monitoring programmes’. Dublin City University, Dublin, Ireland.

4. Relevant fields of in-depth expertise:

Area of expertise	Description
Risk management under REACH	Risk assessment of industrial chemicals for human health and environment, regulatory management option analysis (RMOA)
Chemicals Legislation	REACH Regulation, Water Framework Directive, Marine Strategy Framework Directive
Analytical chemistry	Organic and inorganic chemistry, fate and behaviour, physico-chemical properties: method development and validation
Environmental monitoring	Environmental monitoring strategies, regulatory compliance assessment, coordination of National Monitoring Programme for certain contaminants in seafood landed at Irish Ports, water quality monitoring, in-situ exposure studies, catchment-based studies.

5. Membership of relevant professional bodies:

6. Other Relevant Information:
