

European Chemicals Agency

Opinion on the administrative change of the Union authorisation of the biocidal product family: INSECTICIDES FOR HOME USE

Opinion N° UAD-C-1554848-25-00/F

19 January 2022

Opinion of the European Chemicals Agency

on an administrative change of the Union authorisation of biocidal product family INSECTICIDES FOR HOME USE

In accordance with Article 11(3) of Implementing Regulation (EU) No 354/2013 of the European Commission 18 May 2013 on changes of biocidal products authorised in accordance with Biocidal Product Regulation (EU) No 528/2012 (BPR), the European Chemicals Agency (ECHA) has prepared this opinion on the administrative change to the Union authorisation of:

Name of the biocidal product family: INSECTICIDES FOR HOME USE

Authorisation holder: Agrobiothers Laboratoire

Target asset number: EU-0021035-0000

Active substances common name: S-Methoprene and Permethrin

Product type: PT18

1. Process for the adoption of the opinion

The notification for the administrative change was submitted to ECHA on 17 December 2021, and recorded in R4BP under case number BC-QG072088-32.

Following its acceptance by ECHA, the evaluation of the notification was initiated on **18 January 2022**.

The evaluation included a check that the proposed change of an existing authorisation is of a purely administrative nature involving no change to the properties or efficacy of the biocidal product family in accordance with Article 3(1)aa of the BPR.

The scope of the assessment itself was based on and limited to the information provided by the authorisation holder in the supporting document for the notification for an administrative change of a Union or simplified authorisation under Regulation (EU) No 354/2013 supplied via R4BP.

ECHA prepared this opinion containing the conclusions of its assessment.

2. Detailed opinion and background

2.1. ECHA opinion

During the evaluation, ECHA has assessed whether the change made in the SPC document provided by the applicant is administrative change in accordance with Implementing Regulation (EU) No 354/2013.

It is ECHA's opinion that the following change to the biocidal product family sought by the authorisation holder is a change falling under Article 3(1)(aa) of the BPR, and, after the implementation of the change, the conditions of Article 19 of the BPR will still be met:

- Title 1, section **1** of the Annex to the Regulation (EU) No 354/2013 - *Name of the*

biocidal product - change N° 2 : Addition of a name for the biocidal product where there is no risk of confusion with the names of other biocidal products

Accordingly, it is proposed that the Commission amends the existing authorisation with the below listed administrative change to the biocidal product family sought by the authorisation holder.]
