## Summary

In accordance with Article 10, paragraph 1 of Regulation (EU) No 649/2012 (the PIC Regulation), exporters and importers were required to give information about trade in Annex I chemicals in 2018 to their Designated National Authorities (DNAs) by 31 March 2019. In accordance with Article 10, paragraph 3 and Annex III of the regulation, each EU Member State should provide ECHA with aggregated information so that ECHA can summarise the data at Union level and make publicly available the non-confidential information.

This report summarises the trade activity of chemicals listed in Annex I of the PIC Regulation, in 2018, based on the data received from the Member States.

*Note: The "Destination Region(s)" are provided in accordance with the codes for the United Nations Regional Groups: AF (African Group), AP (Asia and Pacific), CEE (Central and Eastern European Countries), WEOG (Western European and Others Group), GRULAC (Group of Latin America and Caribbean Countries).*

## 1. Export of chemicals
