

ENES 4 Short titles – Example MC-Bauchemie

Substance: Epoxy resin (MW < 700)

Use: Industrial flooring resin

	Current ES title:	Use descriptors reported in title section	ES short title proposed 1 st identifier, 2 nd identifier, <u>3rd identifier</u>	Comments / Follow-ups
1	Use in Marine and Protective Coatings, professional	PC 9a, SU 17, SU 19	Professional use; Coatings and paints (PC9a); <u>Binding agents</u>	1 st and 2 nd identifiers are sufficient for this ES short title. Could consider adding a 3 rd identifier if the substance is used as binding agents
2				

SU 22 Professional use

SU 19 Building and construction work

PC 9a Coatings and paints, thinners, paint removers

ENES 4 Short titles – Conclusions

- Building and structuring ES short titles is possible
- Scenarios covering „multiple PCs“:
we prefer option 3 – Shorten some PC descriptions
- To handle the situation having „multiple SUs“ as described in the example 7 is OK
- It is sometimes helpful to add the technical function, e.g. our example and example 9
