REACH-IT demo

Pre-registration and pre-SIEF in REACH-IT

1. Submitting a late pre-registration
2. How to find your existing pre-registrations
3. Pre-SIEF

Useful links

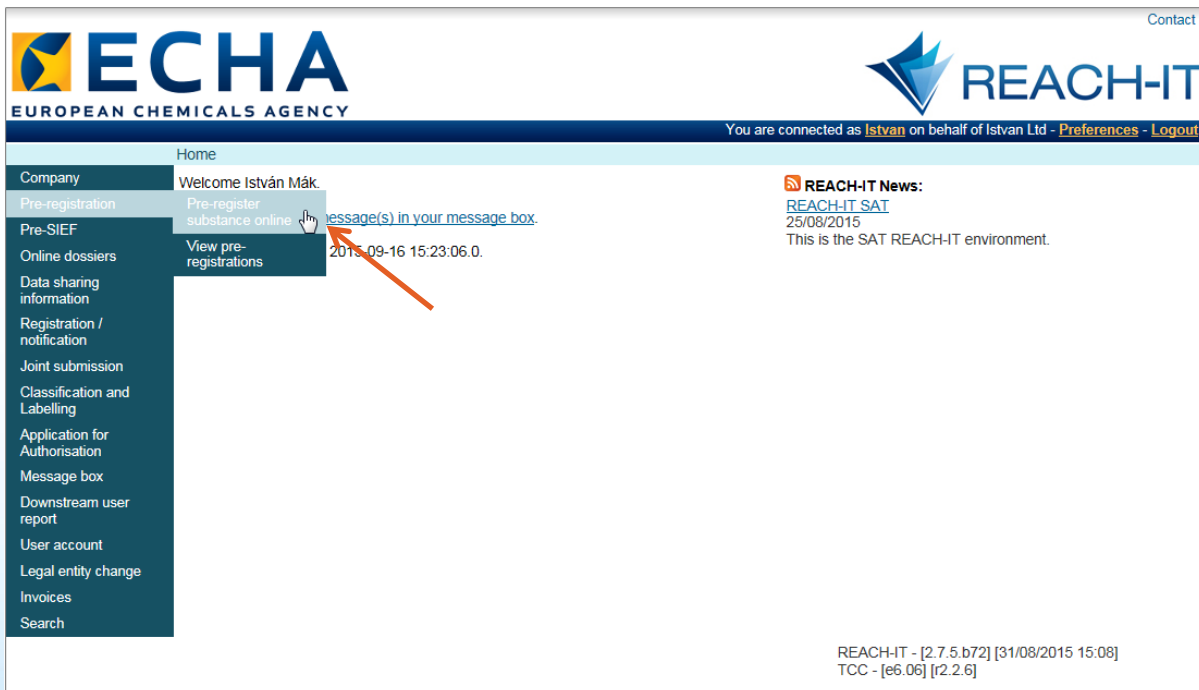

- REACH-IT:

<https://reach-it.echa.europa.eu>

- Industry User Manuals:

<http://echa.europa.eu/support/dossier-submission-tools/reach-it/industry-user-manuals>

Submitting a late pre-registration

The screenshot displays the REACH-IT web application interface. At the top left is the ECHA logo and text. At the top right is the REACH-IT logo and a 'Contact' link. Below the header, a navigation bar shows the user is logged in as 'Istvan' on behalf of 'Istvan Ltd', with links for 'Preferences' and 'Logout'. A left-hand navigation menu lists various options, with 'Pre-registration' highlighted. A mouse cursor is hovering over the 'Pre-register substance online' link, which has triggered a tooltip notification: 'message(s) in your message box' with a timestamp of '2015-09-16 15:23:06.0'. An orange arrow points to this notification. On the right side of the page, there is a 'REACH-IT News' section with a sub-heading 'REACH-IT SAT' dated '25/08/2015' and the text 'This is the SAT REACH-IT environment.' At the bottom right, the version information 'REACH-IT - [2.7.5.b72] [31/08/2015 15:08] TCC - [e6.06] [2.2.6]' is displayed.

How to find your pre-registration

- Various options:
 - “Pre-registrations” module
 - Reference number history
 - Search for submissions

Pre-registration module

The screenshot displays the ECHA user interface. At the top, the ECHA logo and name are visible. Below the logo, a dark blue navigation bar contains the text "EUROPEAN CHEMICALS AGENCY". A light blue horizontal bar below the navigation bar contains the text "Home". The main content area is a dark teal sidebar with a list of navigation options. The "Pre-registration" option is highlighted, and a mouse cursor is hovering over the "View pre-registrations" link. An orange arrow points to this link. The text "Welcome István Mák." is visible in the main content area. The "View pre-registrations" link is followed by the text "ated on 2015-09-16 15:23:06.0." and a link to "read message(s) in your message box."

You can select one of the following contact persons. The name of the contact person, his/her contact details and the company name will be made available in the pre-SIEF to others pre-registering this substance.

If you have appointed a third party representative for this substance, you can enter his/her information in the next section. In this case, the name of the third party representative, his/her contact details and his/her company name will be made available in the pre-SIEF to others pre-registering this substance.

If no contact person is selected, and no third party representative is specified in the next section, your company name and contact details will be made available in the pre-SIEF to others pre-registering this substance.

You can also set up a [new contact person](#)

You may [deselect](#) the contact currently included in your pre-registration.

REACH-IT News:
[REACH-IT SAT](#)
25/08/2015
This is the SAT REACH-IT environment.

Reference number history

The screenshot shows the REACH-IT user interface. At the top left is the ECHA logo and text. At the top right is the REACH-IT logo and a 'Contact' link. Below the logos is a navigation bar with the text 'You are connected as István on behalf of Istvan Ltd - Preferences - Logout'. The main content area is divided into a left sidebar and a main panel. The sidebar contains a list of menu items: Home, Company, Pre-registration, Pre-SIEF, Online dossiers, Data sharing information, Registration / notification, Joint submission, Classification and Labelling, Application for Authorisation, Message box, Downstream user report, User account, Legal entity change, Invoices, and Search. The 'Registration / notification' menu item is expanded, showing a sub-menu with: View registration / notification, Submit registration / notification, Claim Notified Substance, Cease Manufacture, Restart Manufacture, and Reference Number History. The 'Reference Number History' item is highlighted with a mouse cursor and an orange arrow pointing to it from the right. The main panel displays a welcome message for István Mák, a notification of 77 unread messages, and a news item about REACH-IT SAT.

Substance identification

[410-090-7] 5-chloro-2,3-difluoropyridine

The substance is identified by the following constituent(s):

EC number	CAS number	Name
410-090-7		5-chloro-2,3-difluoropyridine

Similar substances

Tonnage and registration deadline

Tonnage band: Between 10 and 100 tonnes/year
 Registration deadline: 31/05/2018

Pre-SIEF definition

16/10/2015 11:46: SIEF formation facilitator information updated

Caution notice

The Agency does not take any legal liability or responsibility for information shared over this page.

Substance identification

[256-248-7] 2-amino-5-chloropyrimidine-4-carboxylic acid

The substance is identified by the following constituent(s):

EC number	CAS number	Name
256-248-7	45867-11-6	2-amino-5-chloropyrimidine-4-carboxylic acid

Information from the SIEF formation facilitator / nominated lead registrant

Dear potential co-registrants!

Our SIEF has already registered the substance for the 2013 REACH deadline. To contact us for data sharing purposes, please visit our website at www.256-248-7.consortia.eu

Alternatively you can contact us using the e-mail address available in the pre-SIEF page.
