European Chemicals Agency

Making progress – thanks to you

- Main achievements since September 2015
- Addressing your requests
- Keep on helping us to help you

Progress since we last met

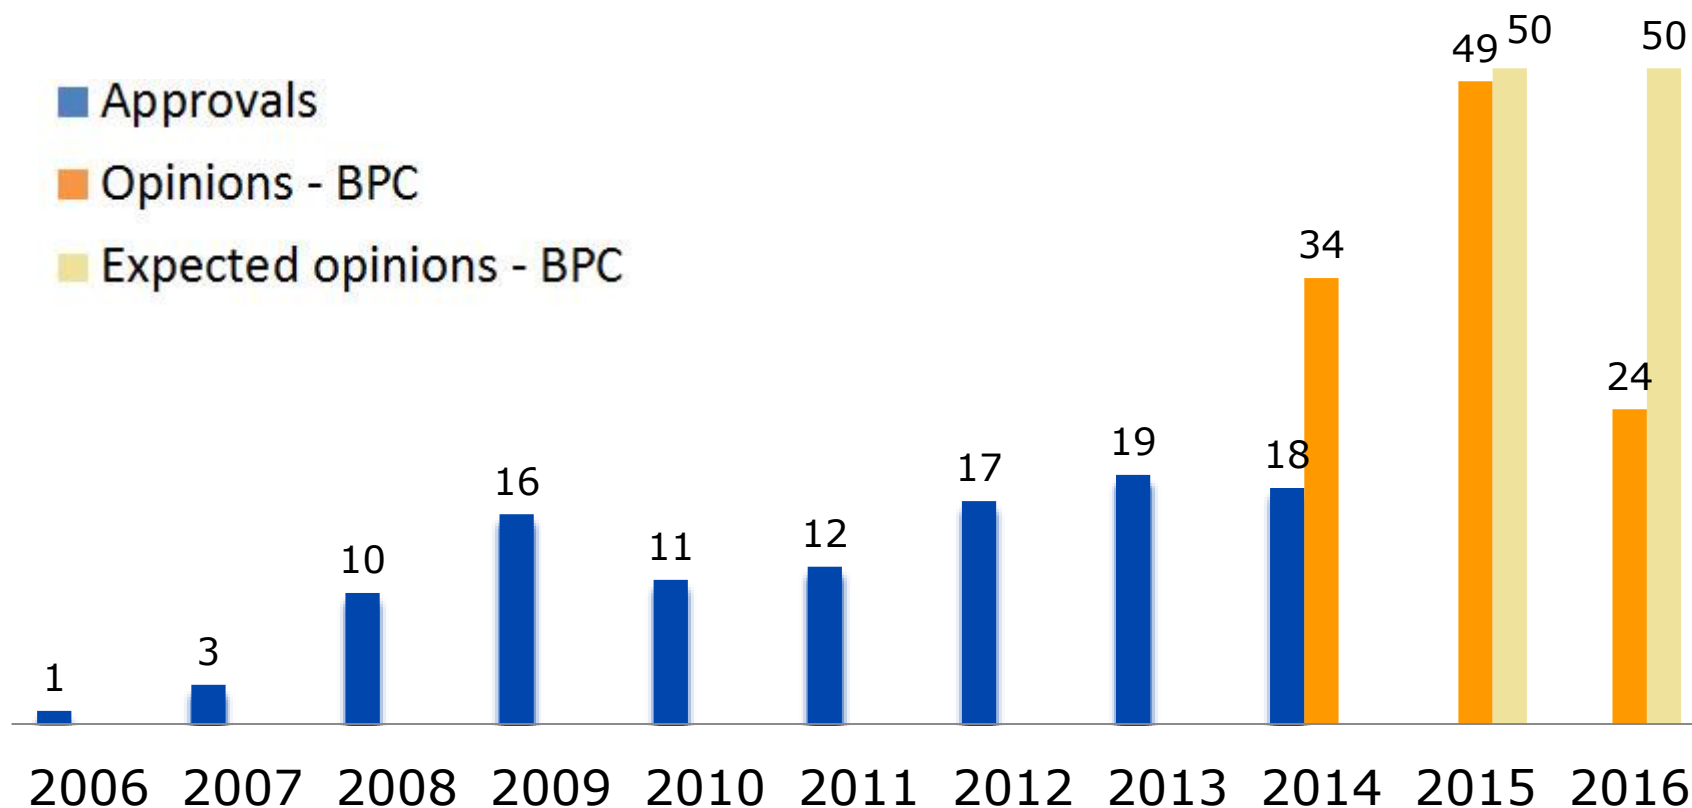

Main achievements

- Review programme
- Renewal of anticoagulant rodenticides: 8 opinions
- Article 95: 120 decisions
- Technical equivalence: 29 decisions
- IT tools: 2 releases
- Helpdesk: 1 800 requests resolved
90% within 15 days

Progress: Review Programme and approval of new active substances

Addressing your requests

You asked for...

- ✓ Enforcement in practice
- ✓ Management of alternative AS dossiers
- ✓ Quicker decisions
- ✓ Same-day solutions to simple issues from the helpdesk
- ✓ Improved search on ECHA's website
- ✓ Clarify need for Article 95 for precursor suppliers

Work in progress

- More flexible and comprehensive IT tools
- More effective and efficient active substance process
- Clarify data requirements for *in situ* generated active substances
- Align better with harmonised classification and labelling

Other requests

- R4BP 3 open 24/7
- Consider getting rid of pending Article 95 list
- Consider possibility of instalments for active substance and Union authorisation fees
- Technical equivalence for commodity substances
- Registry of intentions to test on animals

Requests for Commission and Member States

- More to stop free riding
- Guaranteed market access to all countries through Union authorisation
- Clarify product families further
- Clarify treated articles further
- More intuitive, user friendly and up-to-date CIRCABC

Help us to help you

How you can help

- Have your say on guidance
- Give your views and wishes on IT tools
 - IT users' group – next meeting 14 November
 - Testing with key users
 - Helpdesk
- Raise issues with us (Helpdesk)
- Visit our stands today

Thank you
