

Member of the

Biocidal Products Committee (BPC)

1. Name BORGES, Teresa

Ms. / Mr

2. Appointed by: Portugal

3. Nationality: Portuguese

4. Education: Biology; MsD

5. Relevant Employment:

Present:

- General-Directorate of Health, Lisbon

Relevant previous employment:

- DG Joint Research Center (JRC), Ispra
- General-Directorate of Health, Lisbon
-

6. Relevant fields of in-depth expertise:

Area of expertise	Description
Human Health Regulatory Toxicology and Risk assessment	Responsible for the human health section of the CARs/eCA reports of chemical substances under the chemical regulatory frameworks i.e. Biocides, REACH/CLP and Nanomaterials. National representative in the Biocides Technical Meetings (since 2002) and member of ECHA Risk Assessment Committee (RAC) (since 2008). RAC rapporteur for several substances Harmonized Classification and Labelling proposals (aluminium phosphide, potassium sorbate, NMP). Member of the JRC Expert Advisory Group (EAG) for scientific evidence compilation on endocrine disruptors (ED) in relation to the toxicological mode of action (MoA) and key adverse effects to support regulatory decisions.
Hazard assessment	Relevant expertise in relation to BPD/BPR effects assessment and CLP criteria application.
Exposure assessment	Biocides (product-type human exposure guidance documents; member of ex-HEEG) and REACH (restriction and authorization procedures); Use of exposure determinants; definition of the relevant exposure scenarios related to chemicals target uses.
Nanomaterials	National representative in the REACH CA Sub-Group Nano (CASG Nano) and ECHA NMWG. Development of guidance documents for the substance registration according to REACH requirements (since 2008).

7. Membership of relevant professional bodies:

8. Other Relevant Information:

- ECHA RAC member from 2008/2013
