

# REACH 2018

## webinars

Dossier creation in REACH-  
IT: an alternative to IUCLID

4 October 2016

Sandrine Lefèvre-Brévar  
European Chemicals Agency

## Phase 5 for members

Prepare your registration as a IUCLID dossier:

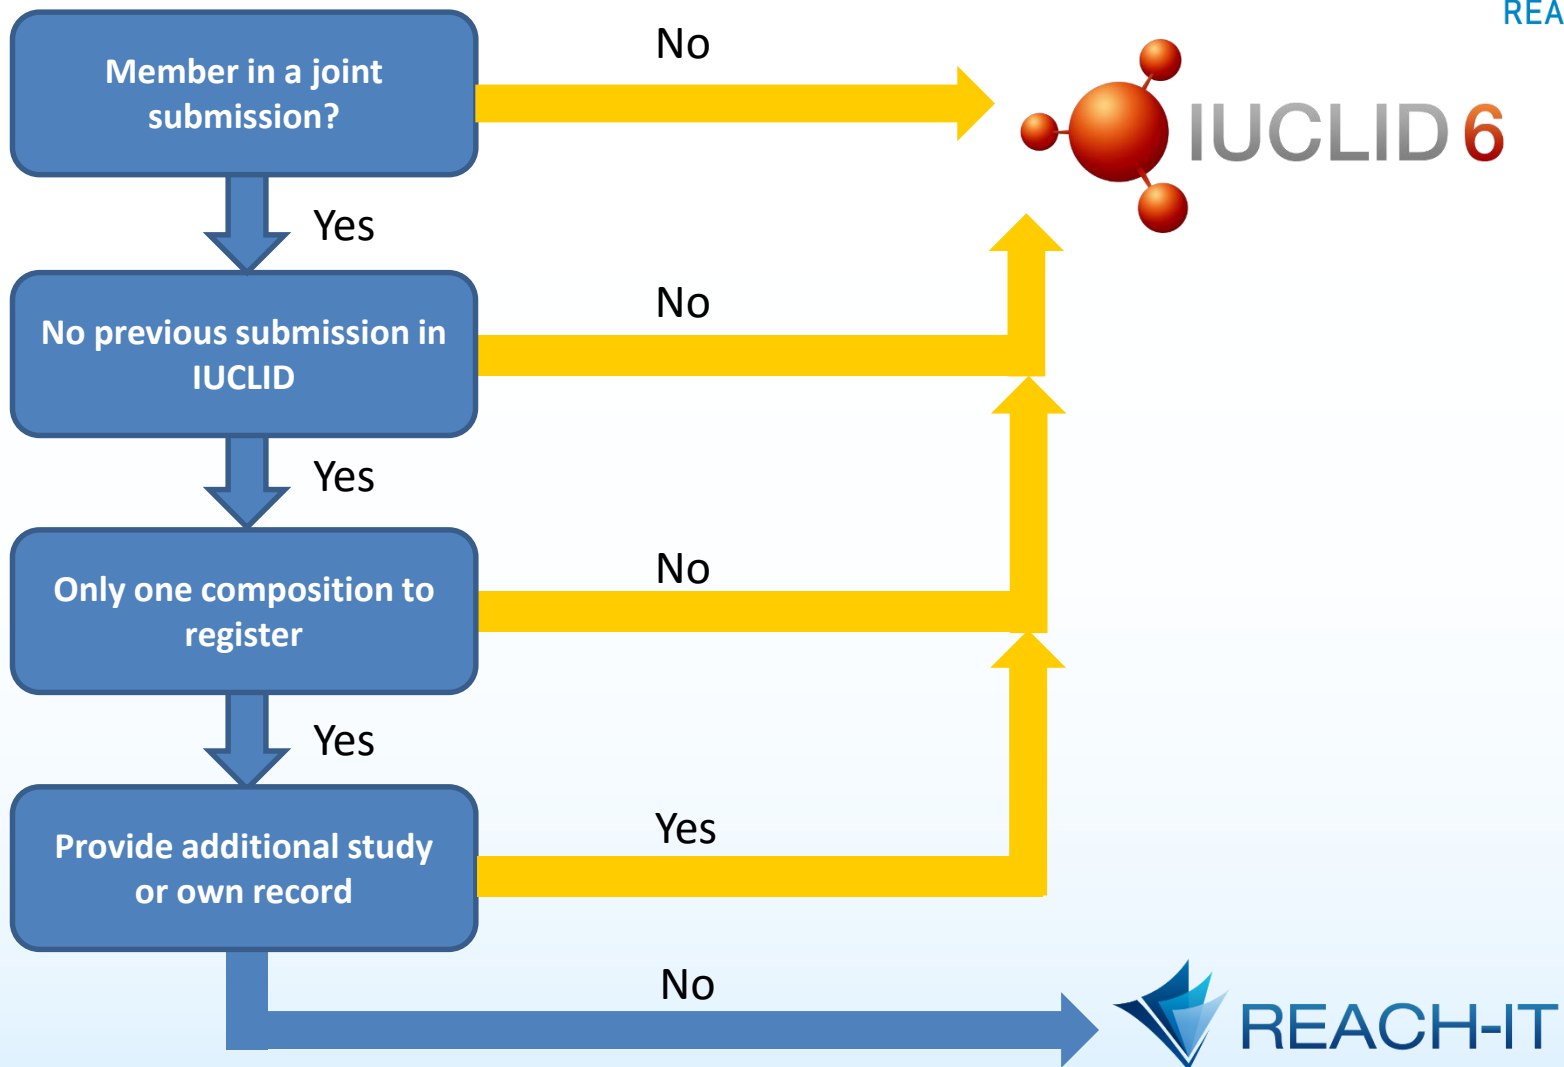

1. Get the IUCLID application
2. Create your substance data-set
3. Fill in the data on your substance
4. Create your registration dossier
5. Check your registration dossier

Prepare your registration in REACH-IT:

1. Go to REACH-IT
2. Fill in the data on your substance

# The right tool for you

# Creating a member dossier in REACH-IT

Simplified way to create a member registration dossier directly in REACH-IT

- Step-by-step wizard with online help features
- Compulsory information highlighted
- Pre-filled information and reduced number of fields
- Automatic saving and possibility to update

## Key issues

Many co-registrants have already created their registration dossier in REACH-IT, why not you?

- Use the tool that suits you best
- Tips and hints

# Activity 1 – Go to REACH-IT

- Start the dossier creation from the joint submission overview in REACH-IT

REACH-IT | ECHA - test Micro | SandL001 | Tasks (1) | Substances | Messages (6) | Quick search by number

Menu | Home | joint submissions | JS\_813-064-7

Overview | Submit a IUCLID Dossier | **Create and submit online** | Leave joint submission | Export assigned EC number

Lead dossier		Submitted	
Substance	Joint submission infor...	Joint submission cover...	Lead registrant contact
Name 813-064-7	Registration type Full	Tonnage band 100-1000 tpa	Contact details SI @s@s.com +3323232323
EC number 813-064-7	Joint submission name JS_813-064-7	Guidance on safe use Provided by lead	Publication acceptance Yes
CAS number 11111-11-8	Supplementary information The SIEF has already agreed the boundary compositions of the substance.	Chemical safety report Not provided by lead	

Own dossier | Not submitted

Reference number ?

Edit

Third party representative

## Activity 2 - Fill in the data

- Same data in IUCLID and in REACH-IT
- Every co-registrant of the joint submission:
  - Substance identity, including impurities (phase 1)
  - Tonnages of the last 3 years (phase 1)
  - Uses and conditions of use through the life cycle (phase 4)
- Co-registrants 10 tonnes per year or more:
  - Attach chemical safety report, unless agreed with the lead that he will submit on behalf of the members (phase 4)
- Members who need to submit own classification and labelling: This information can be provided too
- You can indicate confidentiality claims

# DEMO

## Filling-in analytical information

## Key messages

- Creating a member dossier directly in REACH-IT is easy: a simple alternative to IUCLID
- Read the help (page help, topic help)
- Prepare and gather your data in advance

# Thank you
