REACH 2018 – challenges you raised

- Substance identity takes time and effort
- Registering jointly:
 - if poor quality, cost unfairness, substance sameness questions
- Substances not being registered – what to do?
- Diverging classifications
- Getting info from customers and non-EU suppliers
- Using alternatives to testing on animals
- Too busy before June 2018 – don't ask for more!

Your advice to one another..

- Get going now!
- SMEs can register, but should consider help
- Get wise – use CHESAR and IUCLID
- Use the use maps – they help, and you avoid risk
- Be demanding! Of information, fairness, transparency
- Communicate:
 - up – and then down – the supply chain
 - in SIEFs
- Invest in data – it's your business card

After 2018

- Your dossiers will be screened and evaluated
 - Keep it up to date, don't wait for our letter
- We tackle substances of concern – they may be yours!
