

### VIRICIDAL PRODUCT AUTHORISED IN SPAIN

As a consequence of the health emergency, the Government of Spain stated the alarm status laid down Royal Decree 436/2020 due to the spreading of coronavirus SARS-CoV-2 and taking into account the recommendation is to disinfect surfaces in order to stop the transmission between people. Please, see the following tables which show the biocidal product authorised in Spain against virus which have demonstrated efficacy against virus according to the standard method EN 14476.

#### **PT 2 (Surface and aerial disinfection)**

<b>Name of Biocidal product</b>	<b>Authorisation Number</b>	<b>Active Substance</b>	<b>Category(ies) of users</b>	<b>Application method(s)</b>	<b>BPR/National Register</b>
Bactoclean	ES-0018916-0000	Lactic Acid 0.42%	- General public - Professional - Trained Professional	<ul style="list-style-type: none"><li>• Ready-to-use multi-purpose disinfectant with a bactericidal, yeasticidal efficacy and virucidal activity for hard surfaces in domestic, institutional and industrial area.</li></ul>	BPR
Sure Cleaner Disinfectant Spray	ES-0018646-0000	Lactic Acid 0.42%	- General public - Professional - Trained Professional	<ul style="list-style-type: none"><li>• Ready-to-use multi-purpose disinfectant with a bactericidal, yeasticidal efficacy and virucidal activity for hard surfaces in domestic, institutional and industrial area.</li></ul>	BPR

Ecodyl	ES-0018917-0000	Lactic Acid 0.42	- General public - Professional - Trained Professional	<ul style="list-style-type: none"> <li>Ready-to-use multi-purpose disinfectant with a bactericidal, yeasticidal efficacy and virucidal activity against for hard surfaces in domestic, institutional and industrial area.</li> </ul>	BPR
Germ Spray Care Perfect Disinfection	ES-000622-0003	Lactic Acid 0,42%	- General public - Professional - Trained Professional	<ul style="list-style-type: none"> <li>Ready-to-use multi-purpose disinfectant with a bactericidal, yeasticidal efficacy and virucidal activity for hard surfaces in domestic, institutional and industrial area.</li> </ul>	BPR
Lactic	ES-000622-0003	Lactic Acid 0,42%	- General public - Professional - Trained Professional	<ul style="list-style-type: none"> <li>Ready-to-use multi-purpose disinfectant with a bactericidal, yeasticidal efficacy and virucidal activity for hard surfaces in domestic, institutional and industrial area.</li> </ul>	BPR
Germ Trol Care Perfect Disinfection	ES-0018717-0000	Lactic acid 1.75%	- General public - Professional - Trained Professional	<ul style="list-style-type: none"> <li>Ready-to-use multi-purpose disinfectant with a bactericidal, yeasticidal efficacy and virucidal activity for hard surfaces in domestic, institutional and industrial area.</li> </ul>	BPR
Vaprox <sup>®</sup> Hydrogen Peroxide Sterilant	ES/MRF(NA)-2019-02-00622-1-1	Hydrogen peroxide 35%	- Trained Professional	<ul style="list-style-type: none"> <li>Used for the disinfection of non-porous surfaces, materials, equipment and furniture which are not used for direct contact with food or</li> </ul>	BPR

				feeding stuffs, within sealed precleaned enclosures in industrial, commercial and institutional settings. Disinfection by a Vaporized Hydrogen Peroxide (VHP) Unit.	
Vaprox <sup>®</sup> 59 Hydrogen Peroxide Sterilant	ES/MRF(NA)- 2019-02-00622- 2-1	Hydrogen peroxide 59%	- Trained Professional	<ul style="list-style-type: none"> <li>Used for the disinfection of non-porous surfaces, materials, equipment and furniture which are not used for direct contact with food or feeding stuffs, within sealed precleaned enclosures in industrial, commercial and institutional settings. Disinfection by a Vaporized Hydrogen Peroxide (VHP) Unit.</li> </ul>	BPR
RELY+ON VIRKON	20-20/90-01562	Pentapotassium bis(peroxymonosulphate) bis(sulphate) 49.7%	Professional	<ul style="list-style-type: none"> <li>Used for the disinfection of surfaces and equipment by spraying; dipping and mopping with diluted product in water.</li> </ul>	National
			Trained profesional	<ul style="list-style-type: none"> <li>Aerial disinfection by fogging with diluted product in water.</li> </ul>	
OX-VIRIN	15-20/40/90- 02518	Hydrogen peroxide 25%, Peracetic acid 5%, acetic acid 8%	Professional	<ul style="list-style-type: none"> <li>Used for the disinfection of surfaces and equipment by spraying; dipping and mopping with diluted product in water.</li> </ul>	National
