

Summing up and way forward

Stakeholder workshop on
intentional uses of microplastics

31 May 2018

Mark BLAINEY

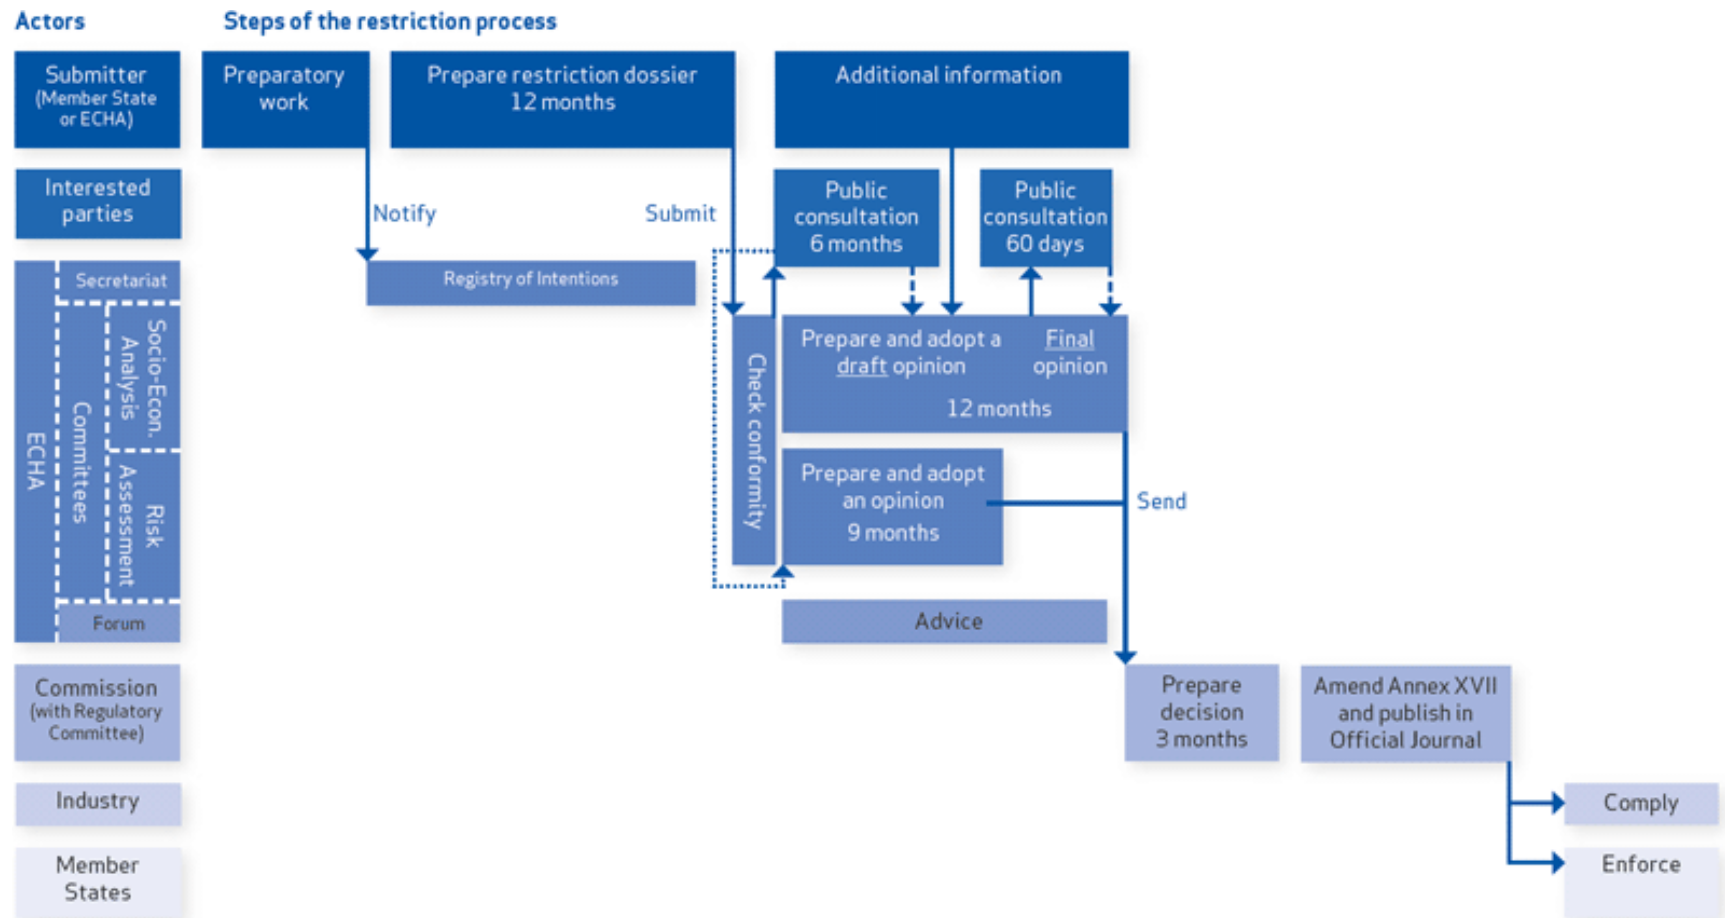

Summing up

- Objective was to promote and facilitate discussions on key issues related to a potential restriction
 - 25 World Café sessions on cross-cutting issues
 - 7 sector-specific breakout groups
- Very grateful to have had so much active participation
- We have been listening!
- Thanks to those who have offered to provide additional information. We'll await this!

Way forward

- Carefully consider all that we have heard
- Publish the presentations (with permission)
- Communicate (quickly) our further developed thinking on definitions and the potential scope of a restriction
 - These need to be considered together
- Identify remaining gaps
 - Undertake 'targeted' consultations to address these
 - Feedback on approach to definitions / scope

Restriction timeline & process

Thank you!
