Administrative information

1.1. Trade names of the product

Autan Tropical Spray

1.2. Authorisation holder

Name and address of the authorisation holder	Name	SC Johnson Sweden AB
	Address	Ekbacksvägen 28 168 69 Bromma Sweden
Authorisation number	362-35	
R4BP 3 asset reference number	DK-0010693-0000	
Date of the authorisation	20/02/2017	
Expiry date of the authorisation	20/02/2027	

1.3. Manufacturer(s) of the biocidal products

Name of the manufacturer	SC Johnson Ltd
Address of the manufacturer	Frimley Green Road, Camberley GU16 7AJ Surrey United Kingdom
Location of manufacturing sites	UL Przemyslowa 10 97-410 Kleszczow Poland

1.4. Manufacturer(s) of the active substance(s)

Active substance	23 - N,N-diethyl-meta-toluamide
Name of the manufacturer	Vertellus Performance Materials Inc
Address of the manufacturer	2110 High Point Road NC 27402 Greensboro United States
Location of manufacturing sites	2110 High Point Road NC 27402 Greensboro United States

2. Product composition and formulation

2.1. Qualitative and quantitative information on the composition of the biocidal product

Common name	IUPAC name	Function	CAS number	EC number	Content (%)
N,N-diethyl-meta-toluamide	N,N-diethyl-m-toluamide	Active Substance	134-62-3	205-149-7	25

2.2. Type of formulation

AE - Aerosol dispenser

3. Hazard and precautionary statements

Hazard statements	<p>Extremely flammable aerosol.</p> <p>Pressurised container: May burst if heated</p> <p>Causes serious eye irritation.</p> <p>Harmful to aquatic life with long lasting effects.</p>
Precautionary statements	<p>If medical advice is needed, have product container or label at hand.</p> <p>Keep out of reach of children.</p> <p>Read carefully and follow all instructions.</p> <p>Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. - No smoking.</p>

Do not spray on an open flame or other ignition source.

Do not pierce or burn, even after use.

Avoid release to the environment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical attention.

Protect from sunlight. Do not expose at temperatures exceeding 50 °C/122 °F.

Dispose of contents to in accordance with local regulation.

4. Authorised use(s)

4.1 Use description

Use 1 - Non-professional use

Product type

PT19 - Repellents and attractants (Pest control)

Where relevant, an exact description of the authorised use

Health protection

Target organism(s) (including development stage)

Scientific name: Culicidae:
Common name: common mosquito
Development stage: Adults

Scientific name: Culicidae:
Common name: Tropical mosquito
Development stage: Adults

Scientific name: Culicidae:
Common name: Tiger mosquito
Development stage: Adults

Scientific name: Metastigmata (Ixodida):
Common name: Ticks
Development stage: Adults

Field(s) of use

Indoor

Outdoor

Application method(s)

Method: Spraying
Detailed description:
Shake well before each use. Hold the can upright, 15-20cm from the skin pointing spray opening toward surface to be sprayed. Spray evenly with a slow sweeping motion for about 1 s onto exposed skin.

Application rate(s) and frequencies

Application Rate: Do not apply more than once in 24 hours and avoid over-application.
Dilution (%): The product is a ready-to-use formulation
Number and timing of application:
Do not apply more than once in 24 hours and avoid over-application.

Category(ies) of users

General public (non-professional)

Pack sizes and packaging material

50ml,65ml,100ml,150ml and 200ml steel/tin-plated aerosol can

4.1.1 Use-specific instructions for use

Shake well before each use. Hold the can upright, 15-20 cm from skin, pointing spray opening toward surface to be sprayed. Spray evenly with a slow sweeping motion for about 1 s onto exposed skin over the following areas:

Adults: Hands, face, neck, lower arms and upper parts of feet

Children 2 years of age and over: Face, neck, and upper parts of feet

For the face: spray onto adult's hand and apply sparingly onto adult's or child's face, avoiding eyes and mouth.

Do not apply to hands of children under 12 years of age

Do not use under clothing

After returning indoors, wash treated skin with soap and water

Use only outdoors or in a well ventilated area

Wash hands before meals and after use

It is recommended that clothing is used to cover any untreated areas of skin and so restrict access by biting insects.

4.1.2 Use-specific risk mitigation measures

Do not use on children under 2 years old

Do not breathe spray

Keep out of the reach of children

Keep in a safe place

Avoid contact with eyes

Keep away from sources of ignition – No smoking

Do not contaminate foodstuffs, eating utensils or food contact surfaces

This material and its container must be disposed of in a safe way

4.1.3 Where specific to the use, the particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

First aid measures:

Eye contact: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get Medical advice/attention.

Ingestion: If swallowed, do not induce vomiting: seek medical advice immediately and show this container or label. Rinse mouth with water. If symptoms persist, call a physician.

4.1.4 Where specific to the use, the instructions for safe disposal of the product and its packaging

Do not contaminate waterbodies or watercourses with chemicals or used container.
Dispose of contents/container in accordance with local regulation .

Container and content must be disposed as dangerous waste.

Do not empty into drains
Do not reuse container

4.1.5 Where specific to the use, the conditions of storage and shelf-life of the product under normal conditions of storage

Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.
Protect from frost.
Store in original container
Shelf life of up to 2 years supported.

5. General directions for use

5.1. Instructions for use

See section 4.1

5.2. Risk mitigation measures

See section 4.1

5.3. Particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

See section 4.1

5.4. Instructions for safe disposal of the product and its packaging

See section 4.1

5.5. Conditions of storage and shelf-life of the product under normal conditions of storage

See section 4.1

6. Other information

Please refer to "Bilag 1" provided together with the approval letter "Godkendelsesbrev".

Bilag 1 Oplysninger til etiket og brugsanvisning for Autan Tropical Spray, BPR-reg. nr. 362-35

I. Etiketten skal udformes i overensstemmelse med det godkendte resumé af det biocidholdige produkts egenskaber, jf. artikel 69, stk. 1, i biocidforordningen (Forordning (EU) nr. 528/2012), og CLP-Forordningen [1].

II. Det er udelukkende ansøgers/godkendelsesindehaverens ansvar, at etiket, mærkning og pakning lever op til lovens krav, jf. biocidforordningen artikel 69.

Nedstående tekst i afsnit III er bidrag til overholdelsen af reglerne og således kun en del af de krav, som stilles til blandt andet etiketten.

III. Etiketten skal indeholde nedenstående oplysninger. Oplysninger i citationstegn skal angives ordret:

1) I hovedfeltet:

"Afskrækningsmiddel (PT19)

Må kun anvendes som afskrækningsmiddel mod myg og flåter."

2) I advarselsfeltet:

"FARE

Forårsager alvorlig øjenirritation (H319)

Skadelig for vandlevende organismer, med langvarige virkninger (H412)

Yderst brandfarlig aerosol (H222)

Beholder undertryk. Kan sprænges ved opvarmning (H229)

Undgå indånding af spray.

Vask huden når beskyttelse ikke længere er nødvendig.

Overtrædelse af nedenstående særligt fremhævede forskrifter kan medføre straf:

Må kun anvendes som afskrækningsmiddel mod myg og flåter.

Må ikke anvendes mod andre skadevoldere og ikke i højere doseringer end de i brugsanvisningen nævnte.

Produktet må kun anvendes 1 gang daglig. Må ikke bruges på børn under 2 år. Begræns brugen på børn mellem 2 og 12 år.

Må ikke tømmes i kloakfløb.

Undgå udledning til miljøet. (P273)

Holdes væk fra varme/gnister/åben ild/varme overflader. Rygning forbudt. (P210)

Spray ikke mod åben ild eller andre antændelseskilder. (P211)

Opbevares utilgængeligt for børn. (P102)

Må ikke opbevares sammen med fødevarer, drikkevarer og foderstoffer."

Farepiktogrammet GHS02 for fysiske fare, GHS07 for sundhedsfare.

Miljøstyrelsen henleder opmærksomheden på, at godkendelsesindehaver skal anføre oplysninger om førstehjælp, herunder:

Hvis der er brug for lægehjælp, medbring da beholderen eller etiketten.

VED KONTAKT MED ØJNENE: Skyl forsigtigt med vand i flere minutter. Fjern eventuelle kontaktlinser, hvis dette kan gøres let. Fortsæt skylning. (P305+P351+P338)

Ved vedvarende øjenirritation: Søg lægehjælp. (P337+P313)

3) I deklaraionsfeltet:

a) Teksten "Insektmiddel BPR-reg. nr. 362-35. Aktivstof og biocidholdigt produkt er godkendt efter biocidforordningen (Forordning (EU) nr. 528/2012)".

b) Oplysning om præparattype: "aerosol" for dette præparat.

c) Indholdet af DEET i vægtprocent (% w/w) og g/L ved 20 °C.

d) Sætningen: "Indeholder ethanol".

e) Udløbsdatoen skal anføres.

Denne dato må højst være 2 år efter produktionsdatoen. Etikettens dato kan udformes som en henvisning til en produktionsdato andetsteds på emballagen.

f) Batchnummer eller – betegnelse skal anføres.

g) Pakningsstørrelse i L.

h) Godkendelsesindehavers navn og adresse.

4) Brugsanvisningen:

Oplysninger om skadevoldere, anvendelsesområde og doseringer.

Følgende retningslinjer gælder i forhold til bortskaffelse.

Der skal mærkes med sikkerhedssætning P501: "Indholdet/holderen bortskaffes i overensstemmelse med kommunale regler for affaldshåndtering."

Derudover skal mærkningen ske efter følgende retningslinjer:

Tom emballage og rester skal afleveres til den kommunale affaldsordning for farligt affald.

Beholder under tryk:

Må ikke punkteres eller brændes, heller ikke efter brug. (P251)

Beskyttes mod sollys. Må ikke udsættes for en temperatur som overstiger 50°C. (P410+P412)
