Member of the	
DWD WG (Drinking Water Directive Working group, RAC)	
1. General Informati	on:
Name GEOR	GIEVA, Tsveta:
Appointed by Nationality: E	X Ms / _ Mr y: Permanent Representation in EU of Bulgaria Bulgarian
2. Education:	
1993 - MSc in	Biology – Sofia University "St Kliment Ohridski"
	na in Biochemistry – Medical University Sofia
2002 –Post-gi Univer	raduate education in Toxicology Risk Assessment – Wageningen
	Toxicology – National Centre of Hygiene, Medical Ecology and Nutrition, Sofia
2014 – Diplon	na in Toxicology – Medical University of Sofia
3. Relevant Employ	ment
Present	Professor, Head of Department Applied Genomics and GMO, National Canter
employment	of Public Health and Analyses, with Ministry of Health, Sofia
	Head of Accredited (EN ISO IEC 17025) Laboratories under National Centre
<u> </u>	of Public Health and Analyses
Previous relevant	Senior Researcher - Department of Toxicology, National Centre of Hygiene, Medical Ecology and Nutrition, Sofa (present National Centre of Public
employment	Health and Analyses)
4. Relevant fields of	
	in-depth expertise:
Area of expertise	in-depth expertise: Description
	in-depth expertise: Description European Register Toxicology – ERT
Area of expertise	in-depth expertise: Description European Register Toxicology – ERT Occupational and Environmental Toxicology Biomarkers of exposure, effects and individual susceptibilities - molecular
Area of expertise Toxicology Biomonitoring and genetic markers	in-depth expertise: Description European Register Toxicology – ERT Occupational and Environmental Toxicology Biomarkers of exposure, effects and individual susceptibilities - molecular methods validation (DNA, RNA, <i>in vitro</i> markers)
Area of expertise Toxicology Biomonitoring and	in-depth expertise: Description European Register Toxicology – ERT Occupational and Environmental Toxicology Biomarkers of exposure, effects and individual susceptibilities - molecular methods validation (DNA, RNA, <i>in vitro</i> markers) Genetically Modified Organisms, Allergens, Chemicals, Emerging Risks –
Area of expertise Toxicology Biomonitoring and genetic markers Risk Assessment	in-depth expertise: Description European Register Toxicology – ERT Occupational and Environmental Toxicology Biomarkers of exposure, effects and individual susceptibilities - molecular methods validation (DNA, RNA, <i>in vitro</i> markers) Genetically Modified Organisms, Allergens, Chemicals, Emerging Risks – Biotoxins
Area of expertise Toxicology Biomonitoring and genetic markers Risk Assessment Quality Control and	in-depth expertise: Description European Register Toxicology – ERT Occupational and Environmental Toxicology Biomarkers of exposure, effects and individual susceptibilities - molecular methods validation (DNA, RNA, <i>in vitro</i> markers) Genetically Modified Organisms, Allergens, Chemicals, Emerging Risks – Biotoxins Testing /calibration Laboratories – ISO EN /IEC 17025:2018
Area of expertise Toxicology Biomonitoring and genetic markers Risk Assessment	in-depth expertise: Description European Register Toxicology – ERT Occupational and Environmental Toxicology Biomarkers of exposure, effects and individual susceptibilities - molecular methods validation (DNA, RNA, <i>in vitro</i> markers) Genetically Modified Organisms, Allergens, Chemicals, Emerging Risks – Biotoxins
Area of expertise Toxicology Biomonitoring and genetic markers Risk Assessment Quality Control and Management Systems	in-depth expertise: Description European Register Toxicology – ERT Occupational and Environmental Toxicology Biomarkers of exposure, effects and individual susceptibilities - molecular methods validation (DNA, RNA, <i>in vitro</i> markers) Genetically Modified Organisms, Allergens, Chemicals, Emerging Risks – Biotoxins Testing /calibration Laboratories – ISO EN /IEC 17025:2018 Medical Laboratories – ISO 15189:2022 Technical assessor of testing and medical laboratories
Area of expertise Toxicology Biomonitoring and genetic markers Risk Assessment Quality Control and Management Systems	in-depth expertise: Description European Register Toxicology – ERT Occupational and Environmental Toxicology Biomarkers of exposure, effects and individual susceptibilities - molecular methods validation (DNA, RNA, <i>in vitro</i> markers) Genetically Modified Organisms, Allergens, Chemicals, Emerging Risks – Biotoxins Testing /calibration Laboratories – ISO EN /IEC 17025:2018 Medical Laboratories – ISO 15189:2022
