Administrative information

1.1. Trade names of the product

REPEL PUMP SPRAY

1.2. Authorisation holder

Name and address of the authorisation holder	Name	Boots UK Ltd
	Address	1 Thane Road NG2 3AA Nottingham United Kingdom
Authorisation number		
R4BP 3 asset reference number	UK-0008937-0000	
Date of the authorisation	11/10/2016	
Expiry date of the authorisation	10/10/2021	

1.3. Manufacturer(s) of the biocidal products

Name of the manufacturer	BCM Ltd
Address of the manufacturer	1 Thane Road West NG2 3AA Nottingham United Kingdom
Location of manufacturing sites	Thane Road NG2 3AA Nottingham United Kingdom

1.4. Manufacturer(s) of the active substance(s)

Active substance	23 - N,N-diethyl-meta-toluamide
Name of the manufacturer	Vertellus Performance Materials Inc.
Address of the manufacturer	2110 High Point Road NC 27403 Greenboro United States
Location of manufacturing sites	2110 High Point Road NC 2740 Greenboro United States

2. Product composition and formulation

2.1. Qualitative and quantitative information on the composition of the biocidal product

Common name	IUPAC name	Function	CAS number	EC number	Content (%)
N,N-diethyl-meta-toluamide	N,N-diethyl-m-toluamide	Active Substance	134-62-3	205-149-7	50
Alcohol Denat.	Ethanol		64-17-5	200-578-6	49.5

2.2. Type of formulation

Ready for use liquid

3. Hazard and precautionary statements

Hazard statements

Highly flammable liquid and vapour.
 Causes skin irritation.
 Harmful to aquatic life with long lasting effects.
 Causes serious eye irritation.

Precautionary statements

If medical advice is needed, have product container or label at hand.
 Keep out of reach of children.
 Read label before use.
 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. – No smoking.

Keep container tightly closed.

Wash thoroughly after handling.

Avoid release to the environment.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Specific treatment (see on this label).

If skin irritation occurs: Get medical ...

If eye irritation persists: Get medical ...

Take off contaminated clothing.

Dispose of to .

In case of fire: Use to extinguish.

Store in a well-ventilated place. Keep cool.

4. Authorised use(s)

4.1 Use description

Use 1 - Non-professional use

Product type

PT19 - Repellents and attractants (Pest control)

Where relevant, an exact description of the authorised use

VII.2 Health protection

Target organism(s) (including development stage)

Culicidae:-Mosquitoes-Adults

Field(s) of use

Indoor
Outdoor
IV.1 Indoor use
IV.2 Outdoor use

Application method(s)

Spraying (topical application to human skin) -
Effectively repels mosquitoes, and tropical mosquitoes for maximum protection times of 6 and 5.5 hours respectively, at an application rate of 1.41µl of product per cm² (equivalent to 0.625mg DEET per cm² skin).
The product is to be applied once a day for adults, children over 12 years of age, and children between 2 and 12 years of age.
Maximum number of sprays of biocidal product to the skin per day:
Adult: 37
Child >12: 15

4.1.1 Use-specific instructions for use

The following information is required on the biocidal product label: Instructions which clearly inform the user how, when and at what frequency (including maximum number of daily applications) the product is to be applied directly to the skin.

The product is to be applied once a day for adults, children over 12 years of age, and children between 2 and 12 years of age.

Do not spray directly onto the face.

Avoid contact with eyes and mouth.

After returning indoors, wash the product off with soap and water.

The product is not for use on children under 2 years of age.

The product should not be applied to the hands of children 12 years of age.

A child between 2 and 12 years old may be treated with the biocidal product to the skin once a day on face, neck, and ankles, with the rest of body protected by clothing.

It is recommended that clothing is used to cover any untreated areas of skin and so restrict access by biting insects.

Do not breathe spray.

Use only outdoors or in well a ventilated area.

Care should be taken in the application of product to minimise the potential of splashes, drips and/or spray mist to reach the ground.

Effectively repels mosquitoes for up to 6 hours.

Effectively repels tropical mosquitoes for up to 5.5 hours.

4.1.2 Use-specific risk mitigation measures

The following information is required on the biocidal product label: Instructions which clearly inform the user how, when and at what frequency (including maximum number of daily applications) the product is to be applied directly to the skin.
The product is to be applied once a day for adults, children over 12 years of age, and children between 2 and 12 years of age.
Do not spray directly onto the face.
Avoid contact with eyes and mouth.
After returning indoors, wash the product off with soap and water.
The product is not for use on children under 2 years of age.
The product should not be applied to the hands of children 12 years of age.
A child between 2 and 12 years old may be treated with the biocidal product to the skin once a day on face, neck, and ankles, with the rest of body protected by clothing.
It is recommended that clothing is used to cover any untreated areas of skin and so restrict access by biting insects.
Do not breathe spray.
Use only outdoors or in well a ventilated area.
Care should be taken in the application of product to minimise the potential of splashes, drips and/or spray mist to reach the ground.
Keep away from sources of ignition.
Keep out of reach of children.
Keep in a safe place.
Do not contaminate foodstuff, eating utensils or food contact surfaces.
Effectively repels mosquitoes for up to 6 hours.

Effectively repels tropical mosquitoes for up to 5.5 hours.

4.1.3 Where specific to the use, the particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

Inhalation : Move affected person to fresh air and keep warm and at rest in a position comfortable for breathing.
Ingestion: Rinse mouth thoroughly with water. DO NOT induce vomiting. Get medical attention immediately.
Skin contact: Wash skin thoroughly with soap and water. Get medical attention if any discomfort continues.
Eye contact: Rinse with water. Continue to rinse for at least 15 minutes. Get medical attention if any discomfort continues.
Environmental precautions: Do not discharge into drains or watercourses or onto the ground. Methods for cleaning up: Eliminate all sources of ignition. Provide adequate ventilation. Absorb spillage with inert, damp, non-combustible material. Flush contaminated area with plenty of water. Wash thoroughly after dealing with a spillage.

4.1.4 Where specific to the use, the instructions for safe disposal of the product and its packaging

Do not empty into drains
Do not contaminate waterbodies or watercourses with chemicals or used container.
Do not reuse container.
Dispose of contents/container to... in accordance with local/regional/national/international regulation (to be specified).

4.1.5 Where specific to the use, the conditions of storage and shelf-life of the product under normal conditions of storage

Store in original container.
Store in a well ventilated place.
Shelf life of up to 3 years.
Protect from frost.
