

Demo

How to prepare a poison centre notification
using the dataset view in IUCLID

Safer Chemicals Conference

2 June 2020

Heidi Rasikari

#SAFERCHEMICALS

Introduction

- Support for preparing or getting familiar with the new customised dataset view of IUCLID
- Standalone demonstration
- Option to work through instructions
- Work at your own pace, at a time that suits you
- Use bookmarks in video description to navigate to specific parts

What we will cover

Part 1 – substance dataset

Part 2 – mixture in mixture dataset

Part 3 – dataset final mixture/associated products

Part 4 – validate, create and update

What you will need

- [IUCLID 6](#) (standalone) or
- [IUCLID Cloud](#) (online)
 - Active cloud subscription
- Work in IUCLID trial service to avoid mixing test and production data
- More information in 'IT solution' presentation by Claudia Rimondo
- Instructions available on event page
