

<b>Section A 7.2.1</b> <b>Annex Point IIIA</b> <b>VII.4, XII.1.1</b>	<b>Aerobic degradation in soil, initial study</b>		
<b>JUSTIFICATION FOR NON-SUBMISSION OF DATA</b>			Official use only
<b>Other existing data</b> [ X ]	<b>Technically not feasible</b> [ ]	<b>Scientifically unjustified</b> [ ]	
<b>Limited exposure</b> [ ]	<b>Other justification</b> [ ]		
<b>Detailed justification:</b>	A study on 'The rate and route of degradation including identification of the processes involved and identification of any metabolites and degradation products in at least three soil types under appropriate conditions' is available (Section A 7.2.2.1).		
<b>Undertaking of intended data submission</b> [ ]	Not applicable.		
<b>Evaluation by Competent Authorities</b>			
<b>EVALUATION BY RAPPORTEUR MEMBER STATE</b>			
<b>Date</b>	25 Nov 2009		
<b>Evaluation of applicant's justification</b>	Acceptable.		
<b>Conclusion</b>	Sufficient data has been provided on the aerobic degradation in soil and therefore no further data are required.		
<b>Remarks</b>	The justification presented has been reviewed.
