## Transfers within the budget since last notification

The budget transfers carried out (by 01 September 2020) under the responsibility of the Executive Director since the last notification to the Management Board are listed hereunder;
a) On 21 July 2020, transfer within REACH Title 1 - Staff - to cover the higher-than-estimated need for interim support and resettlement allowances. As the budget for salaries is provisional by nature and the initial budget needs are established on the basis of the establishment plan, there is an inherent uncertainty in this planning. The cost estimates can be more accurately assessed only during the budget year when the entitlements and other variable costs of the recruited staff are known. The amount was transferred from budget line 1111 where, based on the current estimates, the needs are lower than initially estimated, as per the table below.
