On the renewal of authorisation for AMEISEN-KÖDER

Latvian Environment, Geology and Meteorology Centre (LEGMC) received an application submitted by Detia Freyberg GmbH on the 19th December 2017 for renewal of national authorisation in accordance with Article 31(1) of *Regulation (EU) No 528/2012 of the European Parliament and of the Council of 22 May 2012 concerning the making available on the market and use of biocidal products* for **AMEISEN-KÖDER** (authorisation number **LV/2014/MR/009**) through Biocidal Product Register.

LEGMC has agreed with Product Assessment Report and Summary of Product Characteristics for AMEISEN-KÖDERDOSE (reference trade name) developed by the reference Member States – Germany.

Therefore, in accordance with Article 5 of the *Commission Delegated Regulation (EU) No 492/2014 of 7 March 2014 supplementing Regulation (EU) No 528/2012 of the European Parliament and of the Council as regards the rules for renewal of authorisation of biocidal products subject to mutual recognition* the authorisation for AMEISEN-KÖDER is renewed and is valid until **5th March 2025**.

AMEISEN-KÖDER contains **0.08%** of **spinosad** (CAS No. 168316-58-8, EC No. 434-300-1) and is renewed on the following terms:

- Product type: 18 – Insecticides, acaricides and products to control other arthropod;
- Target organisms: black garden ant;
- Use area: in and around buildings.
- Users: trained professional, professional and non-professional;
- Product stability: 24 months;
- Packaging: 1-2 bait stations, ready-to-use with pre-filled liquid bait on cellulose pad, single or in cardboard packaging.

LEGMC would like to ask Detia Freyberg GmbH to notify the above mentioned information down to supply chain.

This letter is integral part of authorisation letter (No. 4-6/1377) issued by LEGMC on the 9th of July 2014.
