

## Proposed restriction on undecafluorohexanoic acid (PFHxA), its salts and related substances<sup>1</sup>

Annex to the information note (version 2, 22.4.2020):

This is indicative non-exhaustive list of substances belonging to the scope of the restriction proposal.

Note in relation to version 2:

- The list has been updated from the original version of 25.3.2020 adding further substances to the list based on the searches in our databases.
- List numbers are not used in this list anymore as substance identifiers but we have replaced them, where relevant, with respective CAS numbers.

---

Disclaimer: This inventory does not constitute a comprehensive record of all relevant numerical identifiers relevant for the proposed restriction. Please note that a substance identified by a numerical identifier or name other than those specified in this note may still be covered by this restriction proposal. Similarly, a substance for which no numerical identifier is available may also be covered by this restriction proposal.

---

EC Number	CAS Number
