

Note: This table provides an overview of the planned submission dates for BPR active substance approval/renewal cases from the eCA to ECHA for opinion forming of the Biocidal Products Committee (BPC) of the Agency. The submission is dependent on many factors. It is indicative and may be subject to change.

Note: For more information on the PF (process flow) refer to the "Timelines for the opinion-forming of Active Substance applications" found on the ECHA webpage: <https://echa.europa.eu/about-us/who-we-are/biocidal-products-committee>

Note: Cases already in the opinion forming process are removed from this table and included in the "Work programme for BPC 2022-2023 for active substance approvals" found on the ECHA webpage: <https://echa.europa.eu/about-us/who-we-are/biocidal-products-committee>
