# Summary of product characteristics for a biocidal product

**Product name:** ECRAN REPEL & CARE Spray Repelente de Mosquitos

Product type(s): PT19 - Repellents and attractants (Pest control)

Authorisation number: ES/APP(NA)-2016-19-00379

**R4BP 3 asset reference number:** ES-0008886-0000

#### **Administrative information**

#### 1.1. Trade names of the product

#### 1.2. Authorisation holder

Name and address of the authorisation holder

| Name    | GRUPO AC MARCA S.L.   |
|---------|---|
| Address | Avda. Carrilet, 293-297 08907 L'Hospitalet de Llobregat Spain |

**Authorisation number** 

ES/APP(NA)-2016-19-00379

R4BP 3 asset reference number

ES-0008886-0000

Date of the authorisation

28/06/2016

Expiry date of the authorisation

31/01/2025

#### 1.3. Manufacturer(s) of the biocidal products

Name of the manufacturer

Marca CZ s.r.o.

Address of the manufacturer

Prisimasy 124, 282 01 Cesky Brod, ICO 63668262 Czech Republic ICO 63668262 ICO Czech Republic

Location of manufacturing sites

Prisimasy 124, 282 01 Cesky Brod, ICO 63668262 Czech Republic 63668262 ICO Czech Republic

## 1.4. Manufacturer(s) of the active substance(s)

| Active substance                | 23 - N,N-diethyl-meta-toluamide  |
|---------------------------------|--|
| Name of the manufacturer        | Vertellus Performance Materials Inc. (formerly Morflex, Inc.)  |
| Address of the manufacturer     | Vertellus Performance Materials Inc. 2110 High Point Road Greensboro (NC) NC 27403 (USA) 27403 Greensboro (NC) United States |
| Location of manufacturing sites | Vertellus Performance Materials Inc. 2110 High Point Road Greensboro (NC) NC 27403 (USA) 27403 Greensboro (NC) United States |

## 2. Product composition and formulation

## 2.1. Qualitative and quantitative information on the composition of the biocidal product

| Common name                    | IUPAC name              | Function             | CAS number | EC number | Content (%) |
|--------------------------------|-------------------------|----------------------|------------|-----------|-------------|
| N,N-diethyl-meta-<br>toluamide | N,N-diethyl-m-toluamide | Active Substance     | 134-62-3   | 205-149-7 | 20          |
| 2-phenoxyethanol               |                         | Non-active substance | 122-99-6   | 204-589-7 | 0,58        |

#### 2.2. Type of formulation

Spray

## 3. Hazard and precautionary statements

| Hazard statements        | Causes serious eye irritation.  Contains benzyl salicylate, butylphenyl methylpropional, cinnamyl alcohol, citronellol, linalool and alpha-isomethyl ionone. May produce an allergic reaction. |  |  |
|--------------------------|--|--|--|
| Precautionary statements | Keep out of reach of children.   |  |  |
|                          | Read carefully and follow all instructions.  |  |  |
|                          | Wash thoroughly after handling.  |  |  |
|                          | Dispose of contents to and / or its container as hazardous waste according to the regulations in force   |  |  |
|                          |  |  |  |

## 4. Authorised use(s)

#### 4.1 Use description

Use 1 - Use # 1 - Repellent - Mosquitoes, ticks and blackflies - Non-professional user (general public) - Adults and children over 2 years of age - Spray - Indoor and Outdoor use

**Product type** 

PT19 - Repellents and attractants (Pest control)

Where relevant, an exact description of the authorised

Repellent against mosquitoes, ticks and blackflies for human hygiene

Target organism(s) (including development stage)

Scientific name: Culicidae: Common name: Aedes albopictus Development stage: Adults

Scientific name: Culicidae: Common name: Aedes aegypti Development stage: Adults

Scientific name: Culicidae: Common name: Culex spp Development stage: Adults

Scientific name: Ixodidae: Common name: Ixodes ricinus Development stage: Adults

Scientific name: Muscidae: Common name: Odagmia ornate Development stage: Adults

Field(s) of use

Indoor

Outdoor

Indoor and outdoor use in a well-ventilated area

Application method(s)

Method: Spraying

Detailed description:

Topical application in humanskin by spray

Application rate(s) and frequencies

Application Rate: The product is to be applied once a day for adults and children over 2  $\,$ 

years of age.

Dilution (%): 0

Number and timing of application:

The product is to be applied once a day for adults and children over 2 years of age. The maximum time protection is during 6 hoursfor mosquitoes and ticks and during 4

hours for blackflies

Category(ies) of users

General public (non-professional)

Pack sizes and packaging material

Bottle, Plastic: HDPE, 100 ml. Bottle, Plastic: HDPE, 200 ml.

The biocidal product ispackaged in HDPE bottles of sprays of 100 and 200ml.

| 5. General directions for use  |
| o. General unections for use   |

5.1. Instructions for use

Read attached instructions before use

The biocidal product acts against vector-borne tropical diseases as for example yellow fever, zika virus, dengue fever or chikungunya.

Apply the product sparingly and carefully to parts of the body that are not covered. Do not apply on clothing; divide the product evenly over the skin.

Keep the spray bottle at least 15 cm from the skin; do not spray directly on the face. To protect the face from insect bites, first spray or spread a small quantity of the product onto the palm of the hand and then spread on the face.

The application for adults and children over 2 years of age must be restricted to one application a day.

The biocidal product is not for use on children under 2 years of age.

Do not throw the product on the ground, into a water course, into the sink or down the drain.

#### 5.2. Risk mitigation measures

Avoid contact with eyes, mucous membranes, nose, lips and damaged skin. Apply carefully to areas where skin folds normally occur.

Do not apply on young children's hands. For other users, wash your handsthoroughly with soap and water before eating or drinking.

The product contains an aversive or bittering agent.

Do not mix with other chemical substances/mixtures.

When used in combination with sun block lotion, apply sun block first thenwait 30 minutes before applying the biocidal product.

Wash the areas of skin that have been treated when protection is no longerneeded or if side effects occur.

The biocidal product must not be applied wherefood, feeding stuffs or drinking water can become contaminated .

Apply hygiene measures: do not eat, drink or smoke during the applying ofthe product and wash hands after use.

Use only outdoors or in a well-ventilated area.

Do not inhale the product.

Keep this product away from children.

Avoid contact with plastics, synthetic-/leather clothing and paintedsurfaces.

The packaging of the product placed on the market has to be limited to amaximum size of 200ml.

# 5.3. Particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

#### Poisoning may cause:

- Irritation of the eyes, skin, mucous membranes, respiratory and gastrointestinaltract.
- Allergic skin reaction(including anaphylaxis).
